A stunning debut novel of elegant Regency EnglandVon Sharon Galligar ChanceCombining her love of history and romance seemed natural to author Janet Kendall. In her debut novel, "Hunter of My Heart," she incorporates both interests into an intriguing story of long-buried secrets and passionate desires. Hunter Sinclair, the Earl of Kenilworth, has an uncomfortable secret-a secret that will bring his entire family to ruins if it is revealed. So far, he has dealt with the circumstances admirably. But when one bedraggled little seamstress appears on his doorstep, threatening to expose everything he has worked so hard to hide, he does the one thing he can think of to stop her. He marries her. Sabrina Barrington has secrets of her own. While trying to hide herself and her young siblings from a controlling grandfather,

she only wants what is owed to her. So she seeks out the notorious Earl of Kenilworth, determined he will make good on his debt. She didn't plan on falling head over heels in love with the handsome Scotsman. Nor did she plan on her scheming grandfather's coming onto the scene, forcing her to change her entire way of life. Capturing the elegance and refined emotions of Regency England, Janet Kendall makes her romance-novelist debut in stunning style. She will be an author to watch for in the future.0 von 0 Kunden fanden die folgende Rezension hilfreich. It was one of the best books I have ever read!!!Von Ein Kunde"The Hunter of My Heart" is one of the most heart touching books I have ever read. It was so good I never wanted to put it down. You'll laugh, cry, and feel all the emotions just like the characters do. It is a great book!!! Once I was finished reading I felt like i lost my best friend. I was very disappointed to see the end come. Hunter Sinclair is someone who you would wish was real.
