Von Ben Kane : Hunting the Eagles (Eagles of Rome) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hunting the Eagles (Eagles of Rome):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The grit grime of roman army life: a cracking good readVon Brian J. P. SherryI came across the first book of this series (Eagles at War) while on holiday and was taken in from the very first page which is always a good sign. As a result I ordered the next book as soon as I got home and was not disappointed. We follow the main character Tullus to the

border of the Rhein river and then back into Germania itself seeking revenge. While this book takes a little time to get going as the author deals with the army mutiny following the death of Augustus, I still found it gripping. The story is historically accurate as we see Germanicus visiting the site of the Teutoberg disaster for example as well as Ben Kane's wonderful descriptions of the day to day grit and grime of life in the Roman army. What comes across very well, not just in this, but in all his books is that the "glory" of the Roman empire was built on brutality, blood and slavery. In all a cracking good read and as we have to wait for the final book to come out next year I have settled into Ben's "The Forgotten Legion" series which I can also highly recommend! 0 von 0 Kunden fanden die folgende Rezension hilfreich. finally revenge on the Traitor Von F. Behrens After reading the prequel "Eagle at war" one can't wait to see Tullus in revenge action. Nicely done! A great read that makes one willing to grab a gladius and jump inot battle!

Kurzbeschreibung From 'the rising star of historical fiction' (Wilbur Smith) a new Eagles of Rome novel, by the Sunday Times bestselling author of *Eagles at War*. **JUSTICE , HONOUR, REVENGE AD 14:** Five long years have passed since the annihilation of three legions in the wilds of Germania. Demoted, battle-scarred and hell-bent on revenge, Centurion Tullus and his legionaries begin their fightback. Ranged against them is the charismatic chieftan Arminius, determined to crush the Romans for a second time. Convinced that the eagle belonging to his old legion is close at hand, Tullus drives ever deeper into enemy lands. But with Arminius and his warriors closing in on the Romans, a murderous battle is about to begin. **Pressestimmen** "The portrayal of the characters was sublime. Totally believable. The battle scenes were vivid and were very real in the telling. It was like being there, without the threat of being brutally maimed or killed, of course!...Eagles at War is now definitely on my 'to be read' list." (Myths, Legends, Books Coffee Pots) "Kept me riveted to the page for every word. You will honestly struggle to find any more real characters in any Roman book. I highly recommend this and all Ben Kanes books, if you have not read his work why?? please go do so." (Parmention Books) "A triumph" (Sunday Express) "Excellent another compelling, dark tale" (The Times) "Hunting the Eagles is a fantastic novel, a triumph of Roman historical fiction, as thrilling as you could ask for, while still showing how complicated the situation was, how frenzied, on the borders of the empire. The setting is so well done. Ben Kanes thorough research into the period, warfare and the location really pays off. Hunting the Eagles is not only a terrific follow up to *Eagles of War*, one of the best books of 2015 in my opinion, but also superb in its own right." (For Winter Nights) **Werbetext** From 'the rising star of historical fiction' (Wilbur Smith) a new *Eagles of Rome* novel, by the Sunday Times bestselling author of *Eagles at War*.
