**Von Shiloh Walker : Hunting The Hunter (The Hunters)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hunting The Hunter (The Hunters):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Vampire hunter meets hunter who's a vampireVon Helen Hancox"Hunting the Hunter" is an enjoyable and interesting tale in a

rather overcrowded genre - the vampire romance. Although at heart a 'lust turns to love' story there are lots of additional elements to keep the reader's interest. Kendall is a female vampire, a Hunter whose mission is to weed out the 'evil' vampires, often partnered with werewolves or witches. Partnered with Duke, a shape shifter, they seek out vampires and terminate them. However, Kendall realises that someone is hunting her - a human. Kane Winter is a man with a mission, ever since his shapeshifter partner Duke was killed two years ago by a vampire. Kane has trained himself as a vampire hunter and has seventeen kills to his credit. When he sees Kendall he remembers her as the vampire involved in Duke's death and sets out to kill her. A lot of novels in this genre would have drawn out the hero hunting the heroine angle to fill the entire book - in this story Shiloh Walker gifts her lead characters with a good dose of common sense and they very quickly realise that they are working together towards the same goal and stop trying to kill each other. It doesn't take long before Kane and Kendall act on their mutual attraction but before they spend much time together Kendall discovers a shocking secret - that the source of a significant amount of evil and murder can ultimately be laid at her door because of the actions of a vampire, Cat, that Kendall turned. Kendall and Kane must try to find Cat and kill her - but Cat is powerful and it's not that easy. The romance, although a central part of this plot, wasn't the most interesting aspect. We are given several sex scenes between our two principle characters but far more interesting are the moral dilemmas that these characters face. Kendall has ultimate responsibility for Cat and it's something she has to deal with; Kane has to learn to accept that not all vampires are evil and to try to persuade Kendall to work with him rather than trying to protect him as a weaker human. We are introduced to a number of other characters including the intriguing witch Vax and the 500-year old witch Agnes. This story is written with good pacing and it never drags. We are given back-story in small doses throughout the book which helps us to understand Kendall's singleminded dedication to vampire hunting. The main attraction between Kendall and Kane appears to be lust rather than anything more concrete and I would have liked some more attention to the other aspects that might have drawn them together but overall it was an enjoyable read with some good characterisation, an interesting plot and a satisfying resolution. Could have been better Von Amber I am not sure if I liked this or not. It wasn't what I expected and the storyline/characters were somehow strange. I didn't really like the writing style either and I am surprised that I read it all to the end.

**Kurzbeschreibung THE HUNTER** After two years, Kane Winter still doesn't know what really happened the night his bounty hunting partner was murdered. What he does know is that there was a mysterious woman at the scene, and he won't rest until he finds her...  
**THE PREY** Kendall is accustomed to vampire games. After all, she is one herself part of an elite group of warriors who keep the other vamps in line by destroying the ones who prey on the weak and innocent. But now she's the one being stalked...  
**THE PASSION** When all trails lead to Kendall, Kane is consumed by a desire greater than vengeance: a hunger to possess this woman for himself. Together, they will travel down a dangerous path of seduction and surrender, until there are no rules left to break and nowhere left to hide...
