Magical as always....Von LittleDarlingSo far I have read every book in the Kingdom series and you would think that after so many books, the stories would get repetitive and lack creativity and originality. Well, that couldn't be farther from the

truth. "The Huntsman's Prey" is creative, original, breath-taking beautiful, full of fantasy and surprises and full of crazy. It is absolutely captivating. It is even more twisted than the other books in the series, but what would you expect from a book about the Hatter's daughter in Wonderland. Just like the other books in the series, this one makes me want to move to Kingdom and to be part of this heart-meltingly magical world. A world in which nothing is impossible and fairy-tales are reality. But not all fairy-tales are just sunshine and rainbows. This story is about Chrysa, Hatter's and Alice's grown-up daughter who has been cursed at birth and seems to go madder by the minute. Consumed by darkness, her loved ones not only fear for her sanity but for her life as she is on a path of destruction. And the only one that might be able to stop her is the Queen's huntsman, Aeric. Reluctant to follow Dannika's plea to help, he ends up going to Wonderland in order to capture Chrysa. But no trip to Wonderland is straight-forward or easy. There is nothing linear or logical about it and it definitely isn't boring. Instead there are adventures, illusions, traps and madness around every corner. Aeric is lucky to have Lissa guide him through the madness, willing to help him capture Chryssa. Being a forest guardian she knows Wonderland like the back of her hand. During their travels, she quickly becomes attracted to him despite his gruff and distant demeanor. And he too can't stay immune to Lissa's innocent and wild charms. As the two grow closer, the darkness is still lurking and ready to destroy them. There are many challenges in their way and they have to remember that things might not be what they seem in Wonderland. Can they trust their feelings or is Wonderland playing tricks on them? And can their connection withstand the tests of Wonderland? Trust me, it is worth finding out for yourself and be transported into a whole different world - full of magic, fantasy, sweetness, love and sexual tension. 5 mad-as-the-Hatter stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. neuster Band in der Serie Von Ansha Insgesamt gefällt mir die Kingdom-Reihe sehr gut, der neuste Band war allerdings eher durchschnittlich, keine große Überraschungen, oder Wendungen. Schn, war auf jeden Fall, dass wir wieder etwas mehr von Wonderland sehen.

Kurzbeschreibung The long anticipated spinoff to the Bad boys series is finally here, the Dark Princess Saga begins with Hatter and Alice's daughter... Rumors abound in Wonderland, of a dark princess named Chrysalis who bears the Moon's curse. Her beauty is beyond compare, and her madness even greater than her fathers, The Hatter. Death follows wherever she roams, and Danika fairy godmother of all villains knows this task is too great for her to handle on her own. She has no choice but to seek out the one they call Huntsman, his mission is simple: Find the creature, and destroy it. But nothing is ever so simple in Kingdom. The moment the hunter Aeric steps foot in the mad, twisted realm he's enveloped in a reality that is neither wholly true nor fantasy. The key, the Cheshire explains, to ending the madness is for one to become mad themselves. The Huntsman has one chance to figure out the riddle before the beauty destroys them all. **WARNING:** This price is a release day special only!!

ber den Autor und weitere Mitwirkende Marie Hall is a NY TIMES and USA Today bestselling author who loves books that make you think, or feel something. Preferably both. And while she's a total girly girl and loves glitter and rainbows, she's just as happy when she's writing about the dark underbelly of society. Well, if things like zombies, and vampires, and werewolves, and mermaids existed. (Although she has it on good authority that mermaids do in fact exist, because the internet told her so.) She's married to the love of her life, a sexy beast of a caveman who likes to refer to himself as Big Hunk. She has two awesome kids, lives in Hawaii, loves cooking and occasionally has been known to crochet. She also really loves talking about herself in the third person.
