Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Seduced by her ultra rich boss to do everything ... Von Doortalks Sweet short erotic story. It has all the arguments against putting women in bdsm stories, as well as explanation if hypnosis could really be misused like this, included and so one can enjoy a little bit of fantasy as a good starter for his/her own fantasies!

Kurzbeschreibung One by one people are falling under the seductive spell of a mysterious billionaire named Donovan...and now hes come for Lena! Everyone is talking about The Incidents -- one day, someone will be a shy secretary or a geeky computer programmer and the next, theyll be talking about their Master and regaling everyone with tales of wild surrender! Its as if a switch gets turned on people and whole other hidden, naughty sides up them are unlocked whenever Donovan unleashes his bewitching charms! Lena is particularly startled when her favorite coworker -- a feisty, feminist, pink-haired definitely-not-gentlemen's-club-attending graphic designer named Cass -- begins telling her what she really wants in life is to be spellbound by a man completely. Lena is torn between shock and hunger -- shock at the wanton desires she has locked within her, begging to come out...and hunger for more of the sweet release Donovan has to offer her, if only she will become his newest pet.
