**Von Kenny Kemp : I Hated Heaven (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised I Hated Heaven (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A fresh view of the big picture, along with strange detailsVon Ein KundeThis book deserves a review. Not only does it provoke creative thinking about mortality, it also shows the pitfalls of trying to "plan" the afterlife too carefully.

Unrealistic expectations about ourselves and authority (including God) can cause us to make bad decisions in life. Two things are apparent to me from the viewpoint of the book: One is that "getting to the other side" is not an end in itself; this will not automatically or magically perfect someone (as demonstrated by the diligent, but somewhat anal, spirit guide Jonathan). The other is that deity is not limited even in authority and could, in fact, be the guy you flipped off on the freeway this morning. Tom's journey shows how we are linked as families and friends, while proof is usually in the eye of the beholder. The book was just the right length to enjoy without putting my life on hold to finish it. I would have kept reading had it been longer.

Von Ein Kunde One thing this book does exceptionally well is point out how our perception of the unknown--or even what is right in front of us--can be misleading or beguiling, if not flat-out wrong. Kemp addresses the stereotypical aspects of Heaven and allows them to take on characteristics much more in alignment with reality than the usual "walk into the light" mentality other afterlife novels propound. A good read, not only for those who love to theorize about the hereafter, but also for the most callous agnostic.

0 von 0 Kunden fanden die folgende Rezension hilfreich. A well written twist on the traditional concept of heaven. Von Ein Kunde Once I started reading "I Hated Heaven" I could not put it down. The title alone draws a curious interest in the book. I am an agnostic who found the book entirely enjoyable, and am looking forward to the sequel. Kemp's humorous look at "heaven" and the "afterlife", makes an otherwise religious storyline interesting for all readers regardless of their beliefs. The plot keeps you reading, and the ending will surprise you.

Kurzbeschreibung Tom and April Waring have a great life, a successful business, and a healthy, happy little boy. Best of all, they are deeply in love. But the good times come to a screeching halt when Tom is diagnosed with inoperable cancer. Though Tom's faith gives him peace as he faces death's dark doorway, April, an agnostic, is distraught. So at Tom's deathbed, she surprises them both when she takes his hand, tears in her eyes, and whispers, "When you get to the other side if there is another side and there really is a God, promise me you'll come back and tell me!" Tom squeezes her hand weakly and nods. "I promise." Thus begins Tom Waring's adventure in Heaven, a place totally unlike the harp-and-halos scenario he had imagined. And when his request to return to Earth is routinely denied, Tom must make a fateful decision: does he have the courage to risk everything even his very soul to keep his promise to April? What on Earth could make a man turn his back on Heaven? Just one thing: true love.

Autorenkommentar "It feels so familiar . . ." "I Hated Heaven" has received glowing reviews from Booklist, which called it "a unique, comic novel," and School Library Journal, which raved about the book, saying it was a "wonderful treat." We here at Alta Films Press are proud to announce that we're in our third printing of this wonderful novel. We've received dozens of letters applauding the book. Thank you for your comments! The sequel to "I Hated Heaven" is due out next summer. It is entitled "Hell is 10,000 Cable Channels," and details Tom Waring's adventures when he goes to Hell -- which is not exactly Dante's "Inferno." Stay tuned!
