Von Ein Kunde I found this to be an excellent novel with well-developed characters and an great plot. The plot began to thicken right from the beginning when the protagonist sees a stabbing victim that bears a striking resemblance to herself, while on assignment as a reporter. Every detail was carefully thought out, and

every detail was connected in the final outcome. This book has everything: some science/medical jargon, an action-packed chase scene, a lot of suspense, and a love story. If you want to read a good detective story and love to try and figure out the ending, this book is for you. If you pay attention to the little things you may be able to put the puzzle together, but there's always a twist at the end. It keeps on the edge of your seat until the very end. I could not read fast enough as I waited to see what happened. I loved reading this book and would recommend it to all of my friends. I von 1 Kunden fanden die folgende Rezension hilfreich. It was the best book that I have ever read. Von Ein Kunde I really enjoy reading books, especially mystery novels. Mary Higgins Clark is my favorite author. I'LL BE SEEING YOU is my favorite book written by Mary Higgins Clark. It was full of suspense. You never knew what was going to happen next. It kept you on your seat practically. I give it two thumbs up! I von 1 Kunden fanden die folgende Rezension hilfreich. A reporter finds out a shocking secret about her father Von Ein Kunde DYNAMITE!!!!!!!!!!!!!!!!!!!! this is a read under the covers long after dark book. When I read it I did not hate myself, or Mary Higgins Clark, in the morning. The author grabs you, doesn't let go, and pulls you through 300 pages. SUPERB!!!!!!!!!!!!

Kurzbeschreibung Young news reporter Meghan Collins is on an assignment in a busy casualty department of a New York hospital. A trauma team bring in a street mugging victim, a young woman robbed of her identification. The medics are working furiously to revive her, but finally give up, remove the oxygen mask that has covered her face and Meghan hurls head first into a living nightmare. The face is a mirror image of her own... To add to the mystery of her murdered doppelgänger, the recent death of Meghan's father is suddenly being treated as a suspicious case... As the links between these two mysterious stories increase, Meghan's own life could be in danger. From Publishers Weekly Clark's novel about a reporter's investigation of her family's secret past was a 13-week PW bestseller. Copyright 1994 Reed Business Information, Inc. From School Library Journal YA-First-time readers and longtime fans will find Clark's new book a fast-paced, intricately woven tale of suspense and intrigue. Meghan Collins, newly hired TV reporter, makes a startling discovery while on assignment at a large metropolitan hospital. An unidentified young woman dying of a knife wound is rushed into the emergency ward, and Meghan finds herself staring down at a person who could be her double. She is thrust into an investigation that not only involves finding out the identity of the dead woman, but also uncovering the details of her father's puzzling death 10 months earlier. No trace of his body or car was ever found. To complicate things further, Meghan's next assignment reveals some questionable procedures at a fertility clinic in regard to in vitro fertilization of identical twins. Clark masterfully fits all the pieces together, delivering an expertly written, gripping mystery that will appeal to YAs.
