**Von Annelie Wendeborg : Ice: A Post-Apocalyptic Climate Change Thriller (1/2986 Book 3) (English Edition)**

before purchasing it in order to gage whether or not it would be worth my time, and all praised Ice: A Post-Apocalyptic Climate Change Thriller (1/2986 Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Still reading.....Von Katharina MeyerWow! I waited until a prolonged weekend for starting to read ICE. Well - I missed to start because I forgot to take my Kindle.I only started yesterday, by 10 pm. And although I needed badly to catch a bit of sleep, I didn't stop until 4 in the morning. The 3rd part of Annelie Wendeborg's MIcka-series is, if possible, even

faster, more exciting, more touching than the parts before. Now let me finish this, I have some reading to do....0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannend wie immer Von Carmen Es lässt nicht nach. Das Buch zieht einen in seinen Bann. Wie seine Vorgänger auch. Was genau die Stimmung ausmacht, kann ich nicht greifen. Es fühlt sich ein bisschen an wie "Seelen" von Stephenie Meyer ("The Host"). Ruhig erzählt, trotzdem spannend. Eine düstere Zukunft, die immer mehr Geheimnisse offenbart. Ich warte schon auf das nächste Buch aus der Reihe.0 von 0 Kunden fanden die folgende Rezension hilfreich. Gut - lesen! Von Customer Die Geschichte macht einen richtigen Satz von "Fog" zu "Ice". Rückblendend wird allerdings diese Lücke geschickt mit der richtigen Menge Info geschlossen. Immer noch spannend und fesselnd. Wer sich einen gefallen tun will, beginnt allerdings mit dem ersten Buch der Saga. Klare Kauf- und Lese-Empfehlung!

Kurzbeschreibung A race across five thousand kilometers of ice and snow. A suicide mission to end an era of surveillance and terror. I wonder how people back then prepared for battle; if they found it more important to win and come out alive, or if bringing down their enemies, knowing their loved ones at home remained safe was what made them go out in the first place. I don't have any loved ones at home. I don't even have a home. I don't miss those things and never did. But should anyone ever ask me why I'm going to war against the BSA, my answer would be simple: revenge. I cannot forgive. Praise for ICE: "right up there with Hunger Games." "heart wrenching intense and unexpected." "It is darn near impossible to willingly put it down once begun. well written, engaging and at times shockingly plausible" a compelling series. "I have been drawn in by this character from the first book. Kurzbeschreibung A race across five thousand kilometers of ice and snow. A suicide mission to end an era of surveillance and terror.
