**Von Connie Mason : Ice and Rapture (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ice and Rapture (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Adventure Packed. Worth ReadingVon Ein KundeThis book has everything, Adventure, Romance, Villians, I loved this book, I cried and laughed and got mad at the characters as it follows Chase and Maggie's adventure through the Yukon and back to Montana. I have read and own every book Ms. Mason has wrote and this is one of my favorites,

although each one is at the time I'm reading them. Her work is always enjoyable. Please keep them coming!

KurzbeschreibungIce Cool as a cucumber and totally dedicated to her career as a newspaper woman, Maggie Afton was just the kind of challenge Chase McGarrett enjoyed-especially when he discovered that she hid skimpy silk underthings and a simmering sensuality beneath her businesslike exterior.Rapture Virile and all too sure of himself, Chase was just the kind of man Maggie detested-especially when she learned that he had no intention of taking her across the Yukon to report on the Klondike gold rush.Cold and hot, reserved and brash, Maggie and Chase were a study in opposites. But when they joined forces in the frozen wilderness, the fiery sparks of their searing desire burned brighter than the Northern Lights.KurzbeschreibungIce Cool as a cucumber and totally dedicated to her career as a newspaper woman, Maggie Afton was just the kind of challenge Chase McGarrett enjoyed-especially when he discovered that she hid skimpy silk underthings and a simmering sensuality beneath her businesslike exterior.Rapture Virile and all too sure of himself, Chase was just the kind of man Maggie detested-especially when she learned that he had no intention of taking her across the Yukon to report on the Klondike gold rush.Cold and hot, reserved and brash, Maggie and Chase were a study in opposites. But when they joined forces in the frozen wilderness, the fiery sparks of their searing desire burned brighter than the Northern Lights.SynopsisDedicated to her career as a newspaperwoman, Maggie Afton is furious with Chase McGarrett when she finds out that he has no intention of guiding her across the tundra to report on the Klondike gold rush.
