HeartVon WOLI received a free copy of this story in exchange for an honest review. Funny place were Canis this time let us wander to the new story. And now we are in the world of dragons. Especially an ice dragon that starts to find his mate at a time and place he doesn't expect it at least. And here begins the story of Karr and Levy and how they come together and to be mates forever. And even getting the sweetest gift of all. I enjoyed this story from the first line to the last and I hope we will hear some more about this two in the future. Canis keep going with them *smiles*

KurzbeschreibungFor seventy five years my cabin on Mount Peutong has been my sanctuary. We ice dragons arent like the fire breathers, we dont need much to be happy and the solitude in nature was more than enough for me. I didnt need a mate, hell I didnt even care to satisfy my ever present dragon-lust but that all changed when backpacker Levy Greenberg showed up on my doorstep looking for a guide to the mountain. Hes got me enthralled with desire in that way only a hot young omega can even though hes half my age. There's something different about him I can't quite place. But Levys just passing through. Mount Peutong is just one stop on his journey of self-discovery. Unless I can change his mind, and make him my mate forever. Frozen Heart is a gay standalone story featuring a hot ice weredragon alpha, a curious omega, male pregnancy, and a deliciously satisfying HEA. Hot, steamy and cliffhanger free, just how you like it!
