KurzbeschreibungInitially, gallery manager Jane Laine isn't very impressed with 'it' artist Ian Rhys-Fitzsimmons. Which could be kind of a problem, since she's the one who has to accompany him on a five-month international art fair tour. To get through it all, Jane figures she'll be a good sport and keep her critiques to herself. She's preoccupied enough with mending her own broken heart, re-thinking her career path, and dealing with her Schnauzer-obsessed family. But now, traveling with this alleged genius from London to Rome and beyond, she starts to understand the connection between art and love?and the fact that in both, perspective is everything.From BooklistArt-gallery assistant Jane Laine, recuperating after a failed love affair, really hates her odious martinet of a boss. So she is ready to go when famed sculptor Ian Rhys--Fitzsimmons conceives a project that will take him on a six-month tour. Assigned to accompany him and take care of gallery business, Jane becomes good friends with Ian, but continues to look for love in all the wrong places. This very Bridget Jones's Diary-like chick-lit novel turns laugh-out-loud funny when Jane's parents and their schnauzers are on the scene, especially during a Christmas dinner in Santa Fe during which schnauzer Elijah is the object of a bizarre ritual called "Pass the Schnauzer." Ian is an endearing character, kind and thoughtful in spite of his renown, and he is not even taken aback when Jane's aunt suggests he convert to the Lutheran faith and take up accounting. Andy Warhol quotes at the beginning of each chapter add to the alluring art-world ambience of Pace's novel. Diana Tixier HeraldCopyright American Library Association.
