**Von Melissa McClone : If The Ring Fits... (Mills Boon Silhouette)** before purchasing it in order to gage whether or not it would be worth my time, and all praised If The Ring Fits... (Mills Boon Silhouette):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Lovely, lighthearted fairy tale romance!Von Karen TempletonWhen American heiress Christina Armstrong tries on an innocent-looking ring at the ball given for Prince Richard de Thierry's thirtieth birthday, she can't get it off. Which, given the lovely young lady's propensity for disaster, isn't at all surprising. But legend has it the ring's enchanted. . .and that the Prince must marry the woman attached to the finger on which the ring resides within a week, or forfeit the crown. Which wouldn't be such a bad thing, maybe -- after all, while they try everything under the sun to get the ring

off, the couple does discover they enjoy each other's company -- except for a minor sticking point: neither wants to marry the other. After a life of suffocating plenty -- but a workaholic father who was never around -- all Christina wants is to find a nice, ordinary guy who'll provide her with a nice, ordinary family life out on a farm somewhere. And as far as Prince Richard is concerned, silly notions of enchanted rings have no place in his plan to drag the tiny kingdom of San Montico into the present. If only he didn't want to kiss her so much. . .IF THE RING FITS is a real charmer, laced with wit and just the right amount of sizzle between the characters for a traditional romance. Enchanting, indeed!0 von 0 Kunden fanden die folgende Rezension hilfreich. A clever twist in the Cinderella story!Von EBLegend has it that the enchanted engagement ring, a treasured heirloom of the de Thierry family, will only fit on the finger of the Prince of San Montico's one true love. And, after the ring fits, the prince has one week in which to marry - or abdicate his throne.But when clumsy American heiress, Christina Armstrong, got the ring stuck on her finger, Prince Richard knew he had to get that ring off her pretty finger before anyone found out it fit. Otherwise, wedding plans would be afoot. Christina simply wasn't princess material - and she darned sure wasn't going to be his princess. He wasn't going to let a foolish legend dictate who he would marry.Christina was no more impressed with the prospect of marrying this demanding prince than he was with marrying her. But, try as they might, the ring simply refused to budge. True love, it was said, was the only thing that would release the ring. Richard and Christine made a good team - but could they somehow fall in love before the week was up? Before Richard lost his throne?A clever twist on the Cinderella story, "If The Ring Fits..." is fast, fun, and pure delight. A keeper for sure!0 von 0 Kunden fanden die folgende Rezension hilfreich. Melissa McClone's IF THE RING FITS, is a delight!Von Holly FTake a prince, a clutz and a magic ring and you have the recipe for happily-ever-after. Christina Armstrong has always had everything that money can buy . . . and always longed for all the things it can't buy. She wants to live an ordinary life full of family and love. Ordinary will never be a word to describe Prince Richard de Thierry, but he does have one ordinary wish . . . that he be allowed to choose his own wife. But when a legendary ring ends up stuck on Christina's finger, Richard has to decide if he should follow the people's will, or follow his heart . . . or could it be that both will lead him the same place -- straight to Christina. IF THE RING FITS is the right read for anyone who loves fairytale stories of love that will leave you believing that happily-ever-afters do exist!

KurzbeschreibungPractical Rachel Palmer's aversion to risk-taking led to a marriage that just didn't fit. Now single again, she's embracing her newfound independenceand the first step is taking her jewelry business worldwide!
