**Von Jemma Forte : If You're Not The One** before purchasing it in order to gauge whether or not it would be worth my time, and all praised If You're Not The One:

Very good real -life -read Von I love sports I could relate to the protagonist in so many ways, it was clear to me that the person who made up the story must have actually have experienced the emotions felt by Jen to some extent. To me, this is what makes this really good book! As for the ending: I felt Jen's decision and the resulting scenario should have

been spelled out. The idea of "what if I had decided differently" is so interesting throughout the book, that I'm really curious to know what does actually happen in the end.

Kurzbeschreibung Ever wondered what life would be like if you'd made different decisions? Chosen another career? Said yes to that date? Or married someone else? Jennifer Wright is full of 'what if' questions. If she'd stayed with unconventional, carefree Aidan, would she be enjoying life in sun-kissed Australia? Should she have married fabulously wealthy, workaholic Tim? Could she have found happiness after all with kind, gentle Steve? Jennifer's about to find out. After a terrible row with her husband, she runs out of the house and straight into the path of a car. Whilst in a coma she's given the gift of seeing exactly how each choice she's made has dramatically altered her life. But maybe those answers leave her with even more life-changing decisions to make.
