**Von Linda Wells : Imperative: A Tale of Pride and Prejudice (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Imperative: A Tale of Pride and Prejudice (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Schne GeschichteVon fluxDiese PP Variation ist sehr schn. Natrlich hat der Plott mit dem Roman von Jane Austen nicht mehr viel zu tun aber ich habe es sehr genossen, Stze daraus im Buch versteut wieder zu finden, und zwar in einem

manchmal ganz anderen Zusammenhang. Schn war auch eine nicht so nette Jane zu sehen, ganz zu schweigen von Georgiana, die hier endlich eine pubertierende 15-Jhrige sein darf. Einen Stern habe ich wegen der Sprache abgezogen, die manchmal viel zu modern ist. Aber insgesamt ist diese Buch (und der 2. Band) eine angenehme und entspannende Lektüre.

**Kurzbeschreibung**In the second volume of this variation of Jane Austens *Pride and Prejudice*, Fitzwilliam Darcy has survived threats to his mind and body, exposure of his deepest secrets, and endless challenges from his family. He could never have come so far without Elizabeth Bennet by his side. She has accepted and excelled in the position she has taken, and is the reason why he is so clearly the Master of Pemberley. Now he must finish the task he began the day they took their vows. He must safeguard his sister while protecting his estate, his family, and their future. Hope is their byword, love is the key. This story contains scenes of a mature nature between a happily married couple.

**Kurzbeschreibung**In the second volume of this variation of Jane Austens *Pride and Prejudice*, Fitzwilliam Darcy has survived threats to his mind and body, exposure of his deepest secrets, and endless challenges from his family. He could never have come so far without Elizabeth Bennet by his side. She has accepted and excelled in the position she has taken, and is the reason why he is so clearly the Master of Pemberley. This story contains scenes of a mature nature between a happily married couple.

**ber den Autor und weitere Mitwirkende**Linda Wells worked for years in the environmental engineering world until she traded her career as a geographer for one as a mom to a challenging and really great son. After seeing the 2005 production of *Pride and Prejudice*, she bought a copy of Jane Austens masterpiece and fell under the spell of her unforgettable characters and story. Eventually, a story of her own started nagging at her until she finally wrote it down. It has become a wonderful and rewarding experience to stretch her imagination, and with ideas for new stories still coming, she hopes to write many more. Ms. Wells is the author of *Chance Encounters*, *Fate and Consequences*, *Perfect Fit*, and the *Memory* series.
