Will they be able to finally have the happily-ever-after they deserve?ber den Autor und weitere MitwirkendeNew York Times and USA Today bestselling author, Deborah Bladon, has never read a romance hero she didn't like. Her love for romance novels began when she was old enough to board the bus, library card in hand to check out the newest Harlequin paperbacks. She's a Canadian by heart, and by passport, but you can often spot her in New York City sipping a latte and looking for inspiration for her next story. Manhattan is definitely her second home. She cherishes her family and believes that each day is a gift for writing, for reading, and for loving.
