Von Abby Green : In Christofides' Keeping (Rafael and Rico) before purchasing it in order to gage whether or not it would be worth my time, and all praised In Christofides' Keeping (Rafael and Rico):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Perfect MillsBoon bookVon Katzenjammer123Years ago Gypsy Butler and Rico Christofides spent one amazing night together. But on the next morning Rico was afraid of his feelings and dismissed Gypsy like their night was nothing

special. In the present they meet again and Rico is shocked when he realizes that Gypsy is the mother of his child. He never was able to forget her but now he also wants revenge for the lost years. Will they use the second chance life has given them to finally be happy together? Again at last a book by Mills Boon Modern that made me happy and not frustrated. In the last months most of the books I bought from Mills Boon / Harlequin didn't work for me and I was sad about it. However "In Christofides' Keeping" renewed my love for the short stories that are so typical for the Modern (Presents) line. I enjoyed Abby Green's writing style and that I never got bored with what was going on in the book. I was always interested to read on and learn more about Gypsy and Rico. I liked both main characters in this book. Rico was of course very arrogant (what else would you expect) but not in an unlikeable way. He knew that he made mistakes in the past and that he needed to use this second chance he got. When he got over his want for revenge he was a pretty great guy. Gypsy's reason for not telling Rico about their child are understandable and the more I learned about Rico and her the more I enjoyed this book. As soon as they really started talking about their lives everything got easier. Both fought hard to overcome the sad things that happened to them as children and I loved that at the end both were able to be happy. Just not what I imagined or what I like. A short contemporary romance that was great to read and that made me excited for more. I enjoyed that the hero is not too arrogant to recognize his own faults. I want more Mills Boon Modern (Harlequin Presents) stories like this one!

Kurzbeschreibung When one night with playboy Rico Christofides leaves her pregnant, Gypsy Butler is determined to spare her unborn baby the heartache of her own neglectful childhood. But a shock meeting is about to change her plans. Rico has never forgotten the one woman who managed to smash through his cast-iron defenses. Now he's discovered he's a father, nothing will stop him from claiming his child even if unwilling Gypsy craves her freedom!

ber den Autor As an only child, Abby Green's love of books came early, and she read everything from Enid Blyton to George Orwell voraciously. While on school holidays one year in her early teens, she discovered a Mills Boon romance novel. Years later, on the advice of a flatmate who often talked about trying to write a romance novel, Abby saw her chance to take another path from her TV career. The rest is history!
