Von Nina Bruhns : In His Control, a sexy, full-length adventurous romantic thriller (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised In His Control, a sexy, full-

length adventurous romantic thriller (English Edition):

Kurzbeschreibung New York Times and USA Today bestselling author NINA BRUHNS presents a page-turning masterpiece of sensual intrigue, *IN HIS CONTROL: Enemies by Day*... Paris Police Commissaire Jean-Marc Lacroix is obsessed with catching le Revenant, a clever high-end thief who is targeting mansions and castles all over Europe. Jean-Marc's by-the-book superiors are convinced his unorthodox methods make him a loose cannon...but he refuses to let the slippery master-of disguise get the better of him. So he starts hunting the man on his own time. *Lovers by Night*... Little does Jean-Marc realize that the ghostlike man is really a woman Ciara Alexander, a stunningly seductive American art student whose accidental but sizzling stumble-upon at a nightclub leaves him breathless and hungry for more. That very night, their dangerous game of cat and mouse deepens...determined enemies chasing across Europe by day, intimate strangers by mask of night. That is, until the awful moment when Jean-Marc realizes the truth about Ciara, and must make the terrible choice between honor and duty...and the notorious woman he has unwittingly come to love. Praise For *IN HIS CONTROL* "The characters are complex and compelling. I love that the author can write great romance and thread it with suspense and action, too. This is a meaty story and well worth the price!" "[A] sexy hero, bad-girl heroine and plenty of exciting action." "The romance is hot and the twists and turns of the plot are fun and unexpected. Once you start reading you'll be handcuffed to your kindle until your done reading." "I've enjoyed many of Nina Bruhns's novels and this was no exception. I loved the international flair -- I've always been a sucker for cops, but one with a french accent, too? Wow!"
