**Von Lori Handeland : In The Air Tonight: Sisters of the Craft** before purchasing it in order to gage whether or not it would be worth my time, and all praised In The Air Tonight: Sisters of the Craft:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good start to an even better seriesVon JohannaIn The Air Tonight is a very well-written paranormal romance by the

experienced author Lori Handeland. I've immensely enjoyed Lori's Phoenix series so it was without question that I'd request this book when I saw it. And gladly, I wasn't disappointed. The novel is full of magic, with such a great setting, and interesting characters. Bobby is a New Orleans cop and one would think that he is well-versed in magic and the likes. But unfortunately, he isn't and he has a hard time opening his eyes to this whole other world. Raye Larson is about the only dark haired person in her little town of people with Scandinavian and German background. And she is a witch even though she doesn't know it. But the reader knows from the beginning on, an approach that I liked. I also enjoyed the setting a lot. This whole small-town-feeling was great. I love when everybody knows each other and they gossip and all. Well, I like to read about it, let's be clear on that. I wouldn't like to live in a town like that. It was at times hard to maintain my concentration while reading because there was a lot of talking without results and a lot of driving around or other meaningless actions. So basically this book was entertaining and fun to read but there was nothing particularly special about it that blew my mind and would make me rate it higher than 3.5 stars.

Kurzbeschreibung Four centuries ago, in a small Scottish village, three baby girls escaped the wrath of a witch hunter. Today, one young woman will learn about her secret history, her heart's destiny, and the sisters she never knew she had... With her blue-black hair and dark eyes, Raye Larsen has never fit in with the Scandinavian community of New Bergin, Wisconsin. Being adopted is part of the reason she feels like an outsider, but what really sets Raye apart is her ability to see dead people. Everywhere. She's learned to keep her visions to herself... until she stumbles onto the ghost of a murder victim who needs Raye's help. Enter Bobby Doucet, a distractingly handsome homicide detective who has been tracking a killer all the way from New Orleans. Could this be the break in his case he's been looking for all along? Meanwhile, the deeper Raye gets involved with the case- and with Bobby- the closer she comes to unlocking the mystery of her own origins. What she discovers about herself could destroy everything she knows... and everyone she loves. Is finding the truth worth the risk? Filled with dark magic, dazzling romance, and dire suspense, *In the Air Tonight* is the first book in a thrilling new series by New York Times bestselling author Lori Handeland.

Pressestimmen Praise for the Phoenix Chronicles by LORI HANDELAN DOOMS DAY CAN WAIT "A striking series... with a decidedly sexy edge. Readers again view the world through the eyes of ex-cop turned humanity's savior Liz Phoenix [in] this complex mythology." --Romantic Times BOOKreviews " (4 stars) "We really enjoyed it... and are looking forward to [more] in this series." --Robots Vamps "Cool... exciting." --Lurv a la Mode "Fascinating, vivid, and gritty." --Fallen Angel s "Handeland does an amazing job of packing so much punch into the pages of this story without ever leaving the reader behind. "Doomsday Can Wait" ups the paranormal and emotional content of the series, adding strength to the heroine and a more human touch to one of her closest allies. This is an action packed series that urban fantasy readers should thoroughly enjoy, and I'm looking forward to seeing where the author takes us next." --Darque s "Handeland pens another tale that captured my heart... with captivating characters [and] an absorbing plot that will keep readers on the edge of their seats." --Romance Junkies "Praise for the Phoenix Chronicles by LORI HANDELAN DOOMS DAY CAN WAIT?
