Von The Dalai Lama, Bhikkhu Bodhi : In the Buddha's Words: An Anthology of Discourses from the Pali Canon (The Teachings of the Buddha) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised In the Buddha's Words: An Anthology of Discourses from the Pali Canon

(The Teachings of the Buddha) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Exzellent und gut lesbar - sehr empfehlenswertVon S. HedlundHier hat ein sehr intelligenter, kenntnisreicher und vor allem tief meditierender Mñch eine sehr wertvolle Anthologie geschaffen. Das Englisch ist immer gepflegt, gleichzeitig aber auch gut lesbar. Die unendlichen Wiederholungen, die ja fr die mndliche berlieferung sehr wichtig waren, werden dem Leser erspart, der ja selbst zurckblttern kann. Weiterhin ist die Sortierung fr den Anfnger Gold wert - die Themenbereiche werden mit Exzerpten der langen Lehrreden grundlegend behandelt. Die verwendeten Stellen sind sorgfältig angegeben. Wer weiterlesen mchte, sollte sich die anderen Bcher in dieser Reihe kaufen!0 von 0 Kunden fanden die folgende Rezension hilfreich. Great collection of pithy statments from the Pali-CanonVon kalandakaIf you're in doubt which of the Discourse collection to buy start here. Excellently anthologised from his various translations of the great Nikya's, Bhikkhu Bodhi assembles here in a nutshell a beautiful book with copious notes, source tables, a glossary and a most handy index of subjects.0 von 0 Kunden fanden die folgende Rezension hilfreich. Buddhist Must-HaveVon MichaelThis book is a must-have for anybody who wants to know about buddhism. It contains many practical suttas and clears up the most common misconceptions both buddhists and nonbuddhists often have about the teachings of the Buddha. This book is worth every cent.

KurzbeschreibungThis landmark collection is the definitive introduction to the Buddha's teachings - in his own words. The American scholar-monk Bhikkhu Bodhi, whose voluminous translations have won widespread acclaim, here presents selected discourses of the Buddha from the Pali Canon, the earliest record of what the Buddha taught. Divided into ten thematic chapters, In the Buddha's Words reveals the full scope of the Buddha's discourses, from family life and marriage to renunciation and the path of insight. A concise, informative introduction precedes each chapter, guiding the reader toward a deeper understanding of the texts that follow. In the Buddha's Words allows even readers unacquainted with Buddhism to grasp the significance of the Buddha's contributions to our world heritage. Taken as a whole, these texts bear eloquent testimony to the breadth and intelligence of the Buddha's teachings, and point the way to an ancient yet ever-vital path. Students and seekers alike will find this systematic presentation indispensable.Pressestimmen"I am sure that many people will benefit from In the Buddha's Words." (Thich Nhat Hanh)"A remarkable book. In the Buddha's Words is an anthology drawing primarily of the first four [widely available translations of collections of the Buddha's spoken teachings], and manages quite successfully to both summarize them and extract their essence. [. . .] Although this material has been available for some time now, one of the things that has remained a difficulty for many readers is its complexity and scope. In the Buddha's Words provides a framework with which to see the teachings' overall structure, and it does so in a skillful way. Bhikkhu Bodhi's introductions alone, strung together, would themselves serve as a beautiful and accessible overview of the dhamma. [. . .] I think this anthology will rapidly become the sourcebook of choice for both neophyte and serious student alike. In the Buddha's Words reveals the mature understanding of someone who has not only a complete mastery of his material, but also of someone who has deeply understood the nature and intention of the dhamma and who shares it with us as an expression of his own caring. This publication will be very much welcomed by Western meditators and students of the dhamma. [. . .] Any amount of study or practice that helps to deepen wisdom and assist us to emerge from layers of delusion is precious. This book could contribute to this enterprise more than almost anything else in print. It gives us access to the very texture of the dhamma, the specific words and phrases, which guided and inspired the Buddha's original students. Bhikkhu Bodhi has created a framework upon which he has placed the key elements of the dhamma for all to plainly see and investigate for themselves. With a map of such clarity in hand, one may tread the landscape with confidence. Those for whom the Buddha's teaching is a living tradition will find this book to be a dear friend and spiritual companion. My overall response to the work is one of gratitude--to the author, the translator and editor, the publisher, and all the other helpers and benefactors who have contributed to making this gift to the world." (Andrew Olendzki, Executive Director of the Barre Center of Buddhist Studies -- excerpted from a three-page review in Buddhadharma)"As close as we'll get to the original teachings and account of the life of the Buddha." (Tricycle)"Congratulations and gratitude to Wisdom for the new publication In the Buddha's Words--if someone relatively new to Buddhism were to buy only one book, this should be it!" (Jean Smith, author of NOW! and editor of 365 Zen)"In the Buddha's Words has ten chapters, each with an insightful introduction and a handful of sutras, many newly translated, edited and condensed to make them more manageable for the non-scholar. The book begins with a rich explanatory General Introduction that alone would be worth the purchase of the book." (Right View magazine, from the Mid-America Buddhist Association)KurzbeschreibungThis landmark collection is the definitive introduction to the Buddha's teachings - in his own words.
