KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Best story of Ruth so farVon KnupIt's the biblical Story of Ruth. And as the author Claims - you should read the original.This one, though, is worth reading afterwards. The author stays Close to the original Story - so no flinching or dissapointment there. And she fills out the empty places wonderfully. It's a spiritually encouraging book!0 von 0
