**Von Kimberly Raye : In the Midnight Hour (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised In the Midnight Hour (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A bed, a ghost, what future is possible?Von MagritteThis book originally dates from 1999 and has been republished in 2009 and 2012.I think the main character has to be sometimes understood as a woman from the late 90's, it helps.Veronica alias Ronnie is a young independent woman, studying to become an accountant and having 2 jobs to survive. When she needs a new bed she indulges herself a massive antique one which calls upon her, fascinates her... At home after

some nights she notices that it is less the bed than it's former owner, a 120 year old ghost, who owned the bed before, who attracts her. Valentine was a well skilled lover and was killed because he had made a young virgin pregnant. He however does not remember and his need to find out if he has any descendents keeps him from finding eternal peace. When after years of sexual desert he is fascinated by this full-figured woman... until he finds out that she is a virgin. Touching a virgin is a mistake he will not repeat. So both will make a deal: she finds out if he has fathered a child, while he helps her write a paper about how to find sexual fulfilment in 50 steps. But will he be able only to explain her and not show her especially as both are very attracted to each other. What is it that they will discover about each other? I really enjoyed this book. It is a nice love story with a bit of a paranormal element. The characters are fun and lovely; the overall atmosphere is light and positive. The sexual tension is sweet; the development of the story has the good timing, the emotions are great, the overall story is fun without lengths. I only had trouble with all her friends and neighbors showing up at her flat between midnight and 3 A.M. Apart of that this is a nice uncomplicated read for some pleasant hours. Enjoy the read MBTM

KurzbeschreibungThe antique bed looked like it was made for passion. And despite its extravagance, sensible Vernoica Parrish couldn't resist buying it. Her first night nestled within the bed gave her dreams of love that shook her to the core. But the man in her dreams is real--a real ghost, that is. A famed lover throughout New Orleans, Valentine Tremaine was murdered in his bed in 1848 by a woman's protective father outraged at Valentine's amorous adventures. For more than a hundred years Valentine wondered about the legacy he might have left behind--and he won't cross over until he learns the truth. But Veronica's mortal innocence and sweetness--as well as her beauty--stirs his blood like no other woman ever has. And as they delve into history to find the answer to his past, Valentine finds himself wishing for the impossible--a future with Veronica.
