Wunderbar! Von Anonym Alex braucht dringend Geld, um die Schulden, die sein Vater gemacht hat, zu begleichen und sein Anwesen wieder in Ordnung zu bringen. Sein Halbbruder gibt ihm einen Tipp: Katherine wird bei ihrer Heirat ein Vermögen erben. Was aber keiner weiß. Daher, wenn Alex anfängt sie zu umwerben, denkt Katherine nicht, dass er an ihrem Geld interessiert ist. Doch eines Tages ... Das Buch ist sehr spannend geschrieben, ich konnte es gar nicht aus der Hand legen. Ich finde das Beste an den Büchern von Jeffries, dass ihre Frauenfiguren so lebendig, selbstbewusst und stark erscheinen. Das sind keine Frauen, die sich von ihrem Liebsten ducken, wie in manch anderen Büchern. Alex ist auch ein toller Charakter. Er hat in seinem Leben schon viel erlebt und ist kein Lebemann, obwohl in alle dafür halten. Die beiden liefern humorvolle, spannende Dialoge. Ich kann das Buch nur weiterempfehlen!!!

Kurzbeschreibung A beloved historical romance by New York Times bestselling author Sabrina Jeffries. Miss Katherine Merivale desperately needs to marry, to gain her inheritance to help her financially stricken family. Her old childhood friend is the perfect solution, if only he'd propose! Notorious rake Alexander Black, Earl of Iversley, desperately needs a wealthy bride and he's not about to let some lackluster suitor stand in his way to this rich prize. But when he seduces Katherine in the moonlight, he intends only to capture her heart; she never expects to be captured in return. From Publishers Weekly This first novel in Jeffries's (Married to the Viscount) new Royal Brotherhood series demonstrates that there's still room in the flooded romance market for a traditional Regency told with sparkle and energy. At heart, this is simply a good girl-tames-rake romance, but the chemistry among all the characters—not just the hero and heroine—ensures that there's never a dull moment in this merry romp. Determined to make something more of themselves, three of Prince Regent's illegitimate sons come together to pool their resources: Lord Draker's money, Gavin Byrne's connections and Alec, Lord Iversley's, new title. Alec needs a wealthy bride so that he can restore his estate, and beautiful Katherine Merivale may just fit the bill. Katherine has an unspoken "understanding" with her childhood friend Sydney, but she's grown impatient waiting for him to ask for her hand. Seizing the opportunity to get close to Katherine, Alec proposes a plan to make Sydney jealous. Naturally, the two find that they're well-suited, but can Alec hide his scheme from Katherine until they're wed? The attraction between the protagonists is electric, and it's consistently entertaining to watch them juggle their various secrets. Fans of historical romances will find the simple pleasures of this novel irresistible. Copyright Reed Business Information, a division of Reed Elsevier Inc.
