DISAPPOINTED!Von Ein KundeI can't believe I am actually disappointed in one of Ms. Canham's books. After

reading *Through a Dark Mist*, that was so exciting and wonderful, I was looking forward to this book. I spent more than half the book looking for the same excitement. I got a lot of history and learned to dislike King John even more plus again being reminded that Richard the Lionhearted was lacking a heart. But she seemed to throw in the love scenes as an after thought as though she felt the readers would be unhappy. They were silly and Ariel was worse than a child with her dialogue. I will persevere and read the third book in the trilogy and hope the story does reflect her usual excitement and intrigue. 0 von 0 Kunden fanden die folgende Rezension hilfreich. This "second" story of three is as wonderful as the first. Von Ann (rawalker@southwind.net) The plight of Edward trying to save two (2) women at the same time makes you want to read this book all the way through. Again, the forest draws you in the "darkness" and the mystery of that era of Robin Hood, etc. Her books are simply wonderful in description and story telling. 0 von 1 Kunden fanden die folgende Rezension hilfreich. A Keeper Von Ein Kunde I loved the book! It brought me into another time and place ... feels like you are there. Every scene/setting is enjoyable, one scene leads to another like stories within the story ... it is detailed and absorbing ... loved the supporting characters and dialogue too. The love story is great, especially when they discover/acknowledge their feelings for each other. It's a keeper ... I've re-read it three times over the years! The other two books in the trilogy (*Through the Dark Mist* and *The Last Arrow*) are also great but this second of the trilogy is my favorite.

Awarded Best Medieval of the Year from Romantic Times. "Definitely one of the best novels of the year Marsha Canham has written a fast-paced, action-packed medieval romance. *Affaire de Coeur*.

**Autorenkommentar** Just to let readers know... In *The Shadow of Midnight* (Best Medieval of the year: Romantic Times) is the second in my medieval trilogy that began with *Through A Dark Mist* (Best Historical of the Year: Romantic Times). It charts my own version of the Robin Hood legend and leads up to the surprising conclusion in *The Last Arrow*
