Von Ralph Waldo Trine : In Tune with the Infinite (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised In Tune with the Infinite (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good content but poorly writtenVon ChrisThe content of the book is fine but the language used is somewhat "old fashioned" and makes it difficult to read. There are so many books on this particular topic that are much easier to read and follow. I actually regret having bought it due to how it's written. Also small print and font which makes it even more challenging to read.2 von 2 Kunden fanden die folgende Rezension hilfreich. This has become my Bible for living

life. Von checker@pe.net Reading this book had a more profound effect on my life than hearing any sermon in a church. Trine succinctly and eloquently explains how and why we all must be "in tune with the Infinite." As the title page of his original 1897 book states, "Within yourself lies the cause of whatever enters into your life. To come into the full realization of your own awakened interior powers, is to be able to condition your life in exact accord with what you would have it." If he were alive today, I'm certain this would be an Oprah Winfrey "Book of the Month" club selection. 1 von 1 Kunden fanden die folgende Rezension hilfreich. An excellent spiritual guide for living life. Von Ein Kunde This book is one of the best spiritual guidebooks I have ever read. I strongly recommend this book to any person who wants to think through the meaning of life and is sincere about self-improvement. The best quote is probably "Life is not so complex if we do not persistently make it so... The springs of life are all from within. Invariably it is true--as is the inner so always and inevitably will be the outer." Another quote I like is "The great central fact in human life, in your life and in mine, is the coming into a conscious, vital realization of our oneness with this Infinite Life, and the opening of ourselves to this divine inflow." He discusses visualization, positive thinking and the need to become our own best friend: "In the degree that we open ourselves to the higher powers and let them manifest through us, then by the very inspirations we carry with us do we become in a sense the saviors of our fellow men, and in this way we are all, or may become, the saviors of one another." Get this book and help change the world into a better place by learning more about who you are in relation to the Infinite.

Kurzbeschreibung Ralph Waldo Trine was an important New Thought writer. In Tune With the Infinite is often cited as the inspiration for Napoleon Hill's Think and Grow Rich. As with all New Thought writers, Trine's work helped to shape the current crop of self-help books, such as The Secret, The Power of Positive Thinking, and The Law of Attraction. Kurzbeschreibung Ralph Waldo Trine was an important New Thought writer. In Tune With the Infinite is often cited as the inspiration for Napoleon Hill's Think and Grow Rich. As with all New Thought writers, Trine's work helped to shape the current crop of self-help books, such as The Secret, The Power of Positive Thinking, and The Law of Attraction. Synopsis A work on spirituality, containing a lifetime's distilled wisdom on the art of living - body, mind and soul. It demonstrates the power of the mind to influence our happiness and is thus one of the earliest examples of positive thinking.
