Magic and MisdirectionVon Helen HancoxThis book is the follow up to 'In The Midnight Hour' which introduced Ryne Frasier, a magical enforcer, and her partner Deke Summers. In this story we follow Ryne's sister Maia as she continues

to come to terms with her life as someone who has had to give up her magic. Seven years ago Maia got pulled into black magic and had to give up her powers to prevent her sister being tasked to kill her. Unfortunately Maia's whole life had been focused around her magic so without it she feels rather bereft and is stuck in an unfulfilling job. When magical enforcer Creed Blackwood arrives at her door she initially considers turning him away as she knows that Ryne has fallen out with him. However she offers hospitality to Creed, helping him to recover and then eventually teaming up with him as he tries to hunt down a powerful demon, Seth, an entity that Maia knows on a very personal level from the days when she was sucked into black magic. What Maia doesn't realise, however, is that something evil has begun to get behind Creed's mental shields and it looks as if he is falling into black magic. Can Creed and Maia keep Ryne safe from Seth when both of them are wounded in their own ways? Can Maia have any sort of a life with a magical being now that she is without her magic? Can Ryne and Deke forgive Creed for his behaviour? I found this book more enjoyable than the first in the series because the characters felt like they had more depth. There were still some occasional plot improbabilities and the overall world of the magical creatures was fairly loosely hung together, nevertheless the book wasn't boring and both central characters were likeable, partly because of their faults. The action scenes tend to feel slightly less convincing than they could do and there were some aspects of the story that weren't completely explained, however the plot moved along at a good pace and the resolution was suitably complete. KurzbeschreibungSomething WickedMaia Frasier thought she'd escaped the world of troubleshooters and demons when she'd ceded her magical powers years earlier. Now a wounded enforcer has turned up in her home, claiming Maia's sister is in danger. Creed Blackwood needs Maia's help to hunt the demon he's after, especially since he's hiding the fact that his powers are becoming erratic. And then there are the blackoutsMaia soon begins to fear Creed has fallen to the dark forces himself, and with his strong magic, that makes him as dangerous to her and her sister as any demon could be.
