A Sexy Beast of a BookVon Warrior Princess"This sexy beast of a man would love to make your acquaintance," - and with this one line, Thea, the notorious woman who created a Nobody-Knows-Your-Name masquerade, is up for grabs.

Literally. The stories in this hot and sexy collection deal with secret fantasies, fetishes, slightly kinky sex, illicit affairs, and online attractions that quickly enter the realm of the real. The stories are explicit and hot, so if you're bored in your life, beware! You may be inspired to try out some of your fantasies, and who knows where that might lead. What makes these stories even more appealing is that all relationships feel real, and the characters - realistic and believable, like all characters in Charity Parkerson's books. It's not just erotica, it's erotica highly charged with deep emotions and longings. A fun and entertaining collection.
