Wonderful story in Turkey!  
Von SusiSunshineThis was the first historical I ever read and I'm a bit at a loss of words about losing my virginity in this category.I enjoyed reading this book but I have to admit the language confused me a bit at first. After a few pages I kind of read into it and didn't mind it. I think this will be typical for historicals so I

hopefully won't be surprised the next time I read one. The plot is nice developed and I loved the way Ms. Jewel described Turkey. This totally sucked me in I couldn't put the book down. I saw everything, the country and the people and felt like being in the middle of the action. Sabine is a wonderfully kind and smart character. I loved that she is schooled and has her own opinion about nearly everything. She knows what she wants and what not. She was raised by her uncle and feels now bound to stay with him and help him the best way she can. I loved that she cares so much for him that she ignores her own longings just to make sure he is all right. Lord Foye is a strong character, not willing to let something happen to Sabine. He knows he wants her and treasures her more than he wants to admit at first. He knows her past and doesn't care about it. He notices from the start that Sabine is very intellectual and that she is trying to avoid falling in love. That is one thing he cannot accept so he does everything to convince her. He's very canny and knows his way around in life. He is a real hero and won my heart real quick. This two are a perfect couple. Their conversations are wonderful and their connection grows with every word spoken. I loved how their relationship developed and how they got to know each other- body ;) and soul. The story was gripping, full of suspicion, treachery and lies. The whole world seems to be against our couple. The end was a bit over the top in my opinion but perhaps I'm a little skeptical there. I enjoyed this book and I can't wait to read another one of Ms. Jewel's books.

**Kurzbeschreibung** A woman disgraced by a lie. A beast of a man with a cold heart. Their love will transcend continents. Sabine Goddard is a young woman of high standing raised by her Oxford Don uncle. When a lie destroys her reputation, she and her elderly uncle travel to Turkey to escape the gossip. In Constantinople, she meets Edward, Marquess of Foye, a man hurt by the lie that forced her to leave London. Foye fascinates Sabine. He's outsized and refers to himself as a beast, but he doesn't care that she's better educated than many men. His belief in her innocence intrigues her and earns her admiration. Sabine captivates Foye and the far-from-handsome man can scarcely believe she returns his feelings. When Sabine and her uncle fall into the hands of a Turkish Pasha, Foye will do anything to secure the safety of the woman he loves. Indiscreet moves from Regency England to the exotic locales of Turkey and Syria in the midst of the Napoleonic wars. The winner of the 2010 Bookseller's Best Award for Best Short Historical Fiction, it features fast pacing, simmering chemistry, meticulous research, and strong central characters. (Indiscreet is about 93,000 words, 310 pages) s:Some books, some blessed books, grab you with the first page, with language so lyrical and hooked you're excited to keep reading even before you're entirely sure what you're reading, with settings so vivid and intricately described, yet never so vivid and intricately described as the characters. Indiscreet is one of them. It has the plot of an Italian opera, the theme of a fairy tale, and a writing style as rich, textured and gorgeous as only romances can be. --Gossamer Obsessions Indiscreet has the perfect balance of intrigue, action, romance and desire to keep the reader hooked from page one to conclusion. Readers will find themselves rooting for Foye and Sabine and hopeful that they can overcome the odds to find the true love they each so deserve. Indiscreet is deliciously sensual and suspenseful in turn, a perfect formula for a wonderful romance novel. --Joyce Greenfield, ReaderToReader.com Indiscreet is a beautifully written, almost epic type romance. The exotic setting adds to the luscious story between these two stoic and breathtaking characters. Edward, at first, comes across as cold and a bit egotistical. Sabine is shown as a woman who seems so lost because of a false indiscretion that has almost ruined her life. When these two enter each other's world, they are changed forever. . . Carolyn Jewel is one author of the historical romance genre that you can always count on to deliver a book with an amazing story and a romance that will blow you away. Indiscreet is such a book. -- Babbling About Books Ms. Jewel has written a wonderfully emotional story. The characters are interesting and engaging. Their pasts have formed them as they are in this book. The story is packed with adventure and danger. Over every other emotion, the reader will experience the depth of the love between Edward and Sabine. This is one of the best books I've read all year. I would highly recommend it to others. Leanne Davis Fresh Fiction I think that's just marvelous writing, the kind that makes me want to savor every word. There is such a smoothness to the language here and yet it doesn't call attention to itself because it directs all of our attention to the characters and what they are feeling. The result is some powerful emotion in the reader. --Dear Author Jewel places strong, likable characters in a part of the world where they're challenged at every turn. --Linda Roberts, Romantic Times **Kurzbeschreibung** A woman disgraced by a lie.
