Good SeriesVon RobertIt's an easy to read book with a entertaining Story which developes as we go along with the hero.The hero is a bit naive at times and you want too punch him in the face because he obviously is going to mess something up.But you get to like him and the other Characters and they all undertake a development throughout the Series.If you

like to just relax with a good book i recommend the series.I think it is aimed at a younger audience but if you like Magic and a Youth to Adult journey, this book could be for you.I strongly recommend that you start with Inexperienced Mage and read it in order, if you don't you might still enjoy the book but won't get the overall picture also there are some Eventes which will make no sense if you don't know the previous books from the Series.Overall i give four Stars.I will Post this review under every book.0 von 0 Kunden fanden die folgende Rezension hilfreich. It is not just the editingVon Anna MThe other reviews are right when it comes to the books editing. There are plenty mistakes in it.But that is not what convinced me NOT to read it after having bought it. After having read about 15% of the book I deleted it. The story telling is beyond "inexperienced". There is no real detail in the story and the descriptions of persons and environment lack substance.The plot sounded very promising, but unfortunately the writing is not up to standards.0 von 0 Kunden fanden die folgende Rezension hilfreich. Start der Sage (die nchsten Bcher sind besser)Von Tim LucksDas erste Buch aus einem 6-Teiler. Leider mit vielen vielen Grammatikfehlern die den Leseflu hindern. Das wird zum Glck besser in spteren Bchern. Das Buch ist ausserdem sehr kurz. Von der Story her und der Welt gefllt es mir.
