**Von Angela Graham : Infinite (A Harmony Novelette) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Infinite (A Harmony Novelette) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A great readVon Jen RIf you are like me you have read and loved the Harmony series. I fell for Cassandra and Logan right from the beginning, as well as Oliver as he is just too cute, and loved reading their story. When I found out we would get an extra novella for their wedding I was so so excited! I mean I would read any little extra bits about them, either

together or separate (like Logan's prequel novella). They are just characters I love, some of my favorite books, and who wouldn't want just a little bit more? Infinite is the story of Cassandra and Logan on the way to the altar. You should have read the other books in the series before this one or you will be lost. You won't know the characters or why they are in the situations they are in. That being said I loved this extra time with them. Hilary and Caleb are so cute, Cassandra and Logan I just love, and Oliver steals the show once again. Really love these characters and loved seeing them get married off to their happily ever afters. A quick read, but I loved every minute of it. This review was originally posted to Jen in Bookland
