Von Jonathan Hickman, Nick Spencer, Jason Latour : Infinity: 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Infinity: 1:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. All the material is also collected in the new Avengers by Hickman Omnibus!Von HobbykochThis is not a review of the content, but interested buyers should be aware that literally everything in this book is collected in the Avengers by Hickman Omnibus to be released on 18 July 2017, plus the material leading up to this event.3 von 3 Kunden fanden

die folgende Rezension hilfreich. Zu viele Schlachten! Von Wagner, Martin Nach dem ich Hickmans Beitrag zum Ultimativen Universum gelesen habe, war ich begeistert und als ich dann gesehen habe, dass Thanos auf dem Cover zu Infinity abgebildet ist, habe ich mich zum Kauf entschlossen. Leider waren meine Erwartungen zu hoch angesetzt. Auf über 600 Comicseiten werden drei miteinander verbundene Erzählstränge dargeboten. Erzählstrang 1: Die Konstrukteure, verantwortlich für das Entstehen von Zivilisationen im Universum, haben beschlossen die Erde zu vernichten. Auf ihrem Weg zur Erde unterwerfen sie jedes galaktische Imperium, welches auf ihrem Kurs liegt. Alle Imperien des Universums verbinden sich und stemmen sich mit den Avengers gegen die Konstrukteure. Erzählstrang 2: Thanos nutzt die Abwesenheit der Avengers um die Erde zu erobern. Er sucht auf der Erde seinen Sohn, den er töten will und einen Stein des unendlichen Handschuhs, der seine Macht vergrößern soll. Die auf der Erde verbliebenen Helden stemmen sich gegen die Invasion. Erzählstrang 3: Die Illuminati, ein Geheimbund bestehend aus: Doktor Strange, Narmor, T'Challa, Mister Fantastic, Black Bolt, Beast und Iron Man, bekämpfen das Einbrechen von alternativen Realitäten in unser Raumzeitgefüge. Die Erde geht ihrem Ende entgegen. Entweder haben oder werden sie noch alternative Erden zerstören, um den Untergang der Erde aufzuhalten. Mein Hauptkritikpunkt ist, dass die Geschichte auch auf 300 Seiten gut hätte dargestellt werden können. Eine Weltraumschlacht nach der anderen wird aneinander gereiht. Was möglicherweise in der ursprünglich auf mehrere Comicserien verteilten Geschichte Sinn macht, wurde für mich hier ein Overkill. Eventuell wäre es besser gewesen, Erzählstrang 1 und 2 für sich in eigenständigen Bänden zu erzählen, bzw. die Stränge nicht ineinander zu weben, sondern sie nacheinander darzubieten. 1982 habe ich Marvel Two-in-One Annual #2 (1977). Art by Jim Starlin in der deutschen Ausgabe aus dem Condor-Verlag gelesen. In der Geschichte kämpfen die Superhelden der Erde gegen Thanos, der seiner Liebe, dem Tod (weiblich), die Erde zum Opfer darbringen will. Erzählt wird die Geschichte aus dem Blickwinkel von Spider-Man, bzw. Adam Warlock. Auf eine gewisse Weise, vielleicht weil die Geschichte kürzer war oder weil so viele Jahre dazwischen liegen, war dies die bessere Geschichte. In der Erzählung Infinity fehlt mir ein Protagonist, dessen Entwicklung ich verfolgen kann und mit dem ich die Ereignisse erleben kann. War es nun Wert, diesen Band zu erwerben? Für meine Sammlung auf jeden Fall. Aber die Geschichte (besser die Darbietung der Geschichte) allein wohl eher nicht. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Compared to a peer group of other Marvel comic events, Infinity is very good... Von Guido Billstein IN GENERAL, I DO NOT LIKE DC OR MARVEL COMIC EVENTS.....as they are usually designed as pure marketing events rather than brilliant pieces of comics or graphic novels. They tend to have dozens of prequels (as this one has), dozens of spin-offs (as this one has) and dozens of sequels (as this one has, too). And the overall aim is - guess what? To have incredible big numbers of subscribers, incredible big sales volumes and to generate tons of cash.... BUT THIS ONE IS DIFFERENT IN THAT IT IS EXCEPTIONALLY WELL WRITTEN AND BEAUTIFULLY DRAWN. It is quite a complex cinematic super hero action series and without having deeper knowledge of the recent developments in the Avengers and New Avengers continuity it is quite difficult to get behind what's going on here. Actually, it took me more than say 150 pages out of a total of 632. And more than once I had to get back and reread stuff that was mentioned earlier on. The cast is around 100 (!) super heroes and villains and the story takes place on stages such as (but not limited to): Earth (around ten or so different places), Necropolis, Atlantis, Attilan, A.I.M. Island, The Peak (S.W.O.R.D. HQ), Mars, Titan, Deep Space, the Golden Galaxy (never been there? Directions to go there are: Take a left at the next lights and follow the signs for the next sixty thousand lightyears. Then turn right at the gas station...) To summarize: Our galaxy is under attack by extremely powerful and aggressive extraterrestrials called the Builders. These guys due to their far advanced technology can create and destroy whole planets just like that. And for some reason I have forgotten they just have the intention to destroy Earth. Therefore, an extended group of superheroes led by Captain America and the Avengers joined by the secret group of the Illuminati assemble and join forces with the armies of the Galactic Council to face the enemy deep in Space. While they are out, a well known long term villain of the Marvel universe, the mad Thanos of Titan, plans an invasion on Earth. He has reason to believe that one of his unloved sons is living on Earth on an undercover basis. Therefore, he moves his troops to conquer Earth, find his son and kill him eventually. The problem is that Earth's defense is more or less limited to Iron Man and Mr. Fantastic who have stayed home while the others are fighting the Builders. As you can imagine, this all leads to a lot of colorful action and a lot of battlefields in outer space, on different planets and on Earth. COMPARED TO A PEER GROUP OF OTHER MARVEL COMIC EVENTS; INFINITY IS VERY GOOD.....due to Jonathan Hickman's ability to orchestrate this complex super-action story with lots of sub-plots or sub-arcs in a fast moving way without losing the reader or boring him at any point. Except for the difficulties initially to get up to speed the reader will find it hard to stop reading. This is of course, if you like super hero action comics. If not go read something else. ...due also to the extraordinary good art. Very colorful and realistic, the group of artists applied a similar style so that you will not find major graphic breaks throughout the book. It more than contributes to this cinematic widescreen presentation and to the sense of wonder that you will find on any of the pages of this magnificent book. So, all in..... THIS IS A BUY (OR BORROW OR STEAL)

RECOMMENDATION

KurzbeschreibungCollecting Infinity #1-6, New Avengers (2013) #7-12, Avengers (2012) #14-23 and Infinity: Against the Tide Infinite Comic #1-2.Thanos makes his world-shattering return, and his armies fire the opening shots of a galactic war that will be fought both on Earth and in deep space - with our heroes caught between both battles! As the mad Titan's secrets are revealed, the Inhumans' city of Attilan falls, and the members of the Illuminati find themselves on the front line! And as every Origin Site on Earth goes active, the Builders enter the Marvel Universe. But can the Avengers return to Earth in time to save it, when betrayal in the Galactic Council has left them prisoners of war?KurzbeschreibungCollecting Infinity #1-6, New Avengers (2013) #7-12, Avengers (2012) #14-23 and Infinity: Against the Tide Infinite Comic #1-2.Thanos makes his world-shattering return, and his armies fire the opening shots of a galactic war that will be fought both on Earth and in deep space - with our heroes caught between both battles!
