Hearts from MM Good Book ReviewsVon Pixie Mmgoodbookreviews4 1/2 Hearts reviewed by PixieThis story is the
2nd edition and it has been extended.Seiran (pronounced Say-ron) has problems, a lot of problems, he has OCD, fear
of commitment, someone wants him dead and his mother wants him to have a child (shudder). Gabe will do anything
for Sei and does his best to protect him, which is hard to do when Sei keeps running from even a hint of

commitment. This is a wonderful fantasy story and while the story has been extended the main story is still the same. Seiran is the only male witch allowed to take magic classes at college; male witches are looked down upon by the female witches so Seiran's college life is hard. His kinda boyfriend Vampire Gabe would like more commitment but Sei runs scared. Connecting with a brother he never knew he had and a group of male witches who want recognition and admittance into the magic classes Seiran finds himself struggling with what to do, especially when his mother is pressuring him for a child. This book was cool, I loved the struggle that Seiran had with himself about Gabe and how he really feels about him, I also loved the fact that although Gabe loves Sei he doesn't crowd him and lets him come round on his own rather than force the issue, no matter how long it takes. The characters are cool and we get to know them quite well, the way some of them are woven into the story is brilliant and their parts were quite surprising, believe me no way did I think the baddie was who they turned out to be and the relationship that Seiran had with his mother made me shudder. There are a couple of loose ends but I don't think we have seen the last of Gabe and Seiran. A definite must read for those who love magic, vampires, paranormal, mystery and danger, hot men, ok I could go on for a while, but what I do say is that this is an incredible paranormal romance.

Kurzbeschreibung Seiran Rou's life is complicated he's the only male in the world allowed to take magic classes in a female-dominant society, his vampire boyfriend, Gabe, is hinting that he wants more, and his mother is demanding a grandchild. But when a co-worker turns up dead on his doorstep, Seiran realizes his problems are only beginning. With the police dogging his steps, a stalker-like bartender watching his every move, and a magic groupie following him around, Seiran is finding it hard to hide his power a power that if revealed could get him killed. The Dominion, the ruling body of elemental magic, seems to have started a deadly game to control the rare magic he possesses. Someone is pulling strings, murdering witches, and gathering power. When Seiran finds himself next on the hit list, he doesn't know whether to run and hide or prove himself to be the powerful witch he is. If he stands up and fights, he'll have to decide what is more important hiding his power or protecting the ones he loves.
