**Von R.D. Zimmerman : Innuendo (A Todd Mills Mystery Book 5) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Innuendo (A Todd Mills Mystery Book 5) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent-best in the seriesVon Ein KundeOne of Hollywood's leading actors Tim Chase is haunted by rumors that he is gay even though he is married to the beautiful Gwen Owens. Tim happens to be in Minneapolis shooting a film. Local TV news reporter Todd Mills figures he would be a natural to interview the movie screen giant, as he himself is gay.However, Todd receives bad news from his lover, police detective Steve Rawlins. Someone killed a gay teenager they recently met. Todd soon learns that his lover may have also cheated on him with the teen. Steve and Todd's relationship appears over. Meanwhile, Todd meets Tim, who invites him over for an exclusive. Steve sees his lover

and the superstar in a heated embrace even as the cop accuses the actor of murder. INNUENDO is a great contrasting of a Midwest gay lifestyle against Hollywood glamour inside of a well-designed murder mystery. The who-done-it is entertaining and Minneapolis is always a joy to visit. However, this novel belongs to the strong characters who seem genuine in their efforts to either live their life to the fullest or hide inside the closet. R.D. Zimmerman has written his best Todd Mills tale to date because his sympathetic cast brings to life problems confronting the gay community, but in an interesting non-preaching story line. Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another Great Todd Mills Book Von scottlop@yahoo.com This is R.D. Zimmerman's most crafty work to date. I have read all of his books, and INNUENDO was a very interesting read. This is one book you will have a hard time putting down. Mr. Zimmerman puts in a few situations from his previous mysteries (i.e. CLOSET, TRIBE, HOSTAGE-his best in the series), and he still produces his suspenseful charisma. Many questions fill the reader's head: Who committed the murder, is Tom Chase gay, and will Todd and Steve break up? The climax was surprising, and everything gets resolved at the end. If you haven't head anything from the Todd Mills series, I urge you to read all of them. Perfect writing, and exciting stories. Mr. Zimmerman has written another great book. I can't wait for the next Todd Mills book next year. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Zimmerman is an incredible storyteller! Von Ein Kunde R.D. Zimmerman's latest Todd Mills mystery is intelligent, sexy, and amazingly credible. Zimmerman's social commentary on Hollywood, a very real Never-Never-Land where truth has always been sacrificed to keep audiences comfortable with their prejudices, is right on the money. Believe me, this is a fun and fast-paced pot boiler you won't be able to put down. I couldn't recommend it more highly!

Kurzbeschreibung Tim Chase walked across the room and flashed Todd Mills his megawatt smile. Stunned, Todd almost forgot the ugliness swirling around them both. For Chase, Hollywood's hottest star, it's the rumors that claim he is gay--and that his high-profile marriage is a sham. For Todd, an award-winning TV reporter, it's a murder case that has put his relationship with policeman Steve Rawlins in jeopardy and spread a deadly chill through Minneapolis's gay world. The victim was a young man on the run from his past. Somewhere, Rawlins met the boy, and now Todd believes Rawlins offered him more than guidance. While Todd is getting a once-in-a-lifetime shot at a very personal interview with Tim Chase, he suddenly realizes that the murder may touch the actor and his entourage. And now the story is not about innuendo. It's about the secrets that rage behind public masquerades. Including the kind that kill... Under the pen name of Robert Alexander, Zimmerman's novels include The New York Times bestseller, The Kitchen Boy, and his latest, When Dad Came Back As My Dog. .de The fourth Todd Mills mystery offers the intriguing premise of dual investigations: one into the murder of a 17-year-old gay runaway, and the other into the sexual past and proclivities of Tim Chase, a movie star who has successfully sued a tabloid that claimed he was gay. Without pressuring his police officer boyfriend, Steve Rawlins, for more information than he can safely give, Minneapolis television reporter Todd Mills must try to uncover details about the boy's murder. At the same time, he is granted an exclusive interview with the glamorous Tim Chase, who immediately makes a pass at Todd in the guise of "research" for his next film. Is Todd's boyfriend hiding something important from him, something about Steve's own connection to the dead boy? And what about Tim Chase? Is he gay? And if so, how far would he go to protect his secret? Not especially fast-paced or complex, but absorbing and skillfully written, Innuendo will keep the reader guessing until its sexy, surprising final scenes. --Regina Marler Pressestimmen "An expertly, thrillingly paced story." -- Lavender Magazine "A quick, easy read, with enough mayhem to satisfy any fan of contemporary thrillers." -- Chicago Tribune "Smartly paced and emotionally resonant, the novel winds up with a stunning, steamy denouement that will keep readers on the edges of their beds." -- Publishers Weekly "This is Zimmerman's talent at its peak." -- Chicago Sun Times "Irresistible reading...there's a surprise in every chapter." -- San Francisco Chronicle Don't miss the award-winning Todd Mills Mystery series by R.D. Zimmerman Outburst Hostage Tribe Available from Dell
