**Von Meg Cabot : Insatiable** before purchasing it in order to gage whether or not it would be worth my time, and all praised Insatiable:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Funny, charming ... and different!Von BookwormI listened to "Insatiable" on my iPod, and must say that I really liked it! Meena is a great heroine, both witty and charming. Vampire Lucien was suitably brooding, vampire hunter Alaric was to-die-for (pun intended) and the supporting characters are also likable."Insatiable" is a humorous look at the current

obsession with vampires --- whether it's in books, on television or in movies. Despite that, though, I wouldn't classify this book as your typical "Paranormal Romance" book. Both the story idea and execution are different from most books in that genre, and I actually found that very refreshing. The book has a "real" ending (no cliffhanger) and yet it does a good job at setting up the sequel (which will be released in summer 2011). The love triangle isn't resolved in this book, and I'm looking forward to finding out how Meena will deal with her two very different suitors. Another reviewer here called the book "Twilight for Adults", but I don't agree with that. The only similarity between "Insatiable" and "Twilight" is that there are vampires in both books --- that's it. One note regarding the audio book --- I don't remember the name of the woman who read it, but she did a really great job! Her voice kinda sounds like that of the actress Anne Hathaway, and I'm pretty sure that is to blame for me seeing Ms. Hathaway as Meena in my mind (she'd actually be really great for the role if they ever make a movie out of the book) ... ;o) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Courtesy of Teens Read Too Von Teens Read Too Meena hates vampires. They're ruining her life. First, they invade her work. Meena doesn't get the promotion to head writer she's been hoping to achieve. Then they announce the popular daytime drama will be adding a vampire storyline to compete with its major competition. Second, there's a serial killer on the loose, leaving dead female bodies drained of their blood in the various parks of New York City. Third, Meena goes out to walk her dog, Jack Bauer, in the middle of the night. She's attacked by numerous bats, but protected by a mysterious man. She almost thinks she dreamed this late night incident. Fourth, she starts dating this man after meeting him again at a party, only to discover he's a vampire prince - ruler of all vampires. She discovers the truth about her boyfriend after a member of Palatine, Alaric Wolf, comes to warn her and worm his whereabouts out of her. She refuses to give up his location, even when she realizes that he IS the prince of darkness. Lucien, despite his family history, seems to love Meena and wants to protect her. However, Alaric Wolf can't stand by and let that happen. He's determined to rescue Meena if it's the last thing he does. When she puts everything together, Meena's seriously annoyed, but with a vampire war looming, which side will she end up on? I LOVED this book. Meena is sweet with a wicked sense of humor, snarky, and feisty. Plus, she has a secret where she can see how people are going to die. Her vampire romance is sexy and sweet. Lucien's one part charming and one part dangerous. Wolf is amusing. Meena's vampire neighbors are hilarious - always causing a ruckus in the vampire world, all in the name of matchmaking. All in all, it's a charming, sexy read full of romance, danger, protective men, and one kick-butt heroine. While this is an adult novel, I think some older teens will naturally gravitate towards it because it's Meg Cabot - and also vampires! Reviewed by: Jennifer Rummel 0 von 0 Kunden fanden die folgende Rezension hilfreich. Musste nicht sein... Von -Kunde Das Buch macht am Ende doch den Eindruck jemand habe Meg Cabot gezwungen auch einen Vampir Roman zu schreiben. Die eigentlich witzige Idee, als Protagonistin eine Vampirhasserin zu wählen wird zunichte gemacht durch die schiere Flut von Vampiren, die plötzlich die ganze Firma bevölkern. Alle lichtempfindlich, wie es sich gehört, alle tagsüber arbeitend... Witzig ist eigentlich nur die liebenswerte Vampirnachbarin von nebenan. Den zweiten Band werde ich nicht lesen.

Kurzbeschreibung When it comes to devouring her delightfully outrageous, phenomenally fun fiction, Meg Cabot's fans are Insatiable! And now the #1 New York Times bestselling author of The Princess Diaries not to mention a host of wonderfully winning grown-up novels like Queen of Babble, Big Boned, and Every Boys Got One has a subject she can really sink her teeth into: vampires! A deliciously twisted modern-day sequel to Bram Stoker's classic Dracula, Cabot's Insatiable will leave you laughing and hungry for more! Pressestimmen "Cabot, adored for her Princess Diaries series and Heather Wells mysteries, holds her own in the crowded paranormal arena, proving that she is truly a versatile, entertaining writer." - Booklist "No one quite brings the sexy-times like Meg Cabot. Especially when she takes on the world of vampires in Insatiable." - Good Books Good Wine "Cabot winningly applies her trademark likably fallible protagonists and breezy storytelling to a vampire war in New York City" - Publishers Weekly Pressestimmen "Cabot, adored for her Princess Diaries series and Heather Wells mysteries, holds her own in the crowded paranormal arena, proving that she is truly a versatile, entertaining writer." - Booklist "No one quite brings the sexy-times like Meg Cabot.
