Von Ally Bishop : Inside the Lines: Without a Trace series, a contemporary sexy romance novel (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Inside the Lines: Without a Trace series, a contemporary sexy romance novel (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Erotic romance that will be read in one breathVon Helpful AdviceInside the Lines, written by Ally Bishop, is the first part in

authors series Without a Trace a contemporary adult romance that will have a great appeal on readers in love with stories full of erotic elements. The author introduces reader to the main character named Lux Trace known as Mistress Hathaway, a Dom. Mistress Hathaway is visiting clients and doing with them all the unexpected things, while following the three simple rules:- Never let them disobey you- Never let them touch you- Never have sex with them But one man will appear in Lux's life that will challenge every rule Mistress Hathaway set, succeeding to discover and wake up in her all that Lux hardly hid, managing to find real her underneath. This man from Scotland with sexy irresistible accent, Fin MacKenzie, looks great and he is full of confidence. And though Lux knows she must end what started to happen between the two of them before she completely loses control, in same time the feelings she has seems cannot be stopped anymore. Ally Bishop wrote an erotic love story full of excitement found on its pages while reader is witnessing the events this unordinary couple is going to experience a book that is at the same time interesting, provocative and thrilling. Her work is characterized with right pace and decent character development, while providing the enough material to keep reader interested until the very last page. For those concerned about the level of explicitness, I would say its decent enough and made with good taste, placing the story and not sex in the foreground. I don't want to spoil joy with disclosing the story details, though I can only say that Inside the Lines will not disappoint you even with its outcome, making Ally Bishop's book a work that fans of romantic erotic novels will read in one breath. I was given a copy of this book by the author for the purpose of unbiased review, while all the presented information is based on my impressions.

Kurzbeschreibung What happens in love might destroy you... Or remake you altogether. I make a living offering men and women their ultimate fantasies as submissives of the mysterious Mistress Hathaway. I've never surrendered to anyone. That's not the way it works. Or rather, not the way I operate. But when the gorgeous Fin MacKenzie shows up in my life, he throws everything out of balance. Now I'm not sure who I am anymore, and I'm questioning everything. What woman can turn away from a gorgeous Scotsman, especially when he sets her body on fire and her heart ablaze? I have to stop this. I can't keep going like this. It will ruin everything I've worked so hard to build. Who am I if I surrender to him? Worse yet, who am I if I don't? Note: This story has plenty of heat with light BDSM elements and sexy Scottish accents, as well as plenty of humor; it can be read as a stand-alone novel, though it is part of the Without a Trace series.

ber den Autor und weitere Mitwirkende When you do something effortlessly and people commend you continuously, you have found your gift. That's what I tell people all the time. And it's true. I get story. I always have. I started writing when I was 8 on a Smith Corona (the electronic kind -- I'm not THAT old). I wrote stories in every spiral notebook I had. Eventually, I graduated to a Mac (yes, I'm one of THOSE people). I imagined new worlds, emotional conflicts, and HEAs while I waited at stoplights or wandered the grocery store. But here's the thing: I didn't just dream it up and write it down -- I critiqued what I read. I knew when ideas were good, and when they stunk. I ran writing groups, judged creative contests, and eventually got two graduate degrees in writing. That's right: I love it that much. So here I am, years later, writing kickass heroines and devastating good guys, along with some mystery and vampires thrown in (I promise: THEY'RE COMING). And what's really cool? I do what I love. Wanna write a success story for your life: I promise you, that's it. Do what you love. And hopefully, you can make a living at it too. That's the golden ticket, Charlie. And chocolate doesn't hurt, either...
