Von Polly Iyer : InSight (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised InSight (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. brilliantVon masterExtremly good: it is about all the really important things in life and their opposite sides - love and hate, happyness and loneliness, social working and crime and so on. The characters are well done, the story a keeper and the plot very interesting. 100% yes - buy it... looking for more from this author.1 von 1 Kunden fanden die folgende Rezension hilfreich. Spannend und gut geschriebenVon CustomerIch kannte diese Autorin bisher nicht, und dieses war das erste Buch, das ich von ihr gelesen hatte. Es war zwar kostenlos, aber eine rhmliche Ausnahme was Rechtschreib- oder sonstige strenden Fehler angeht. Es lie sich sehr gut lesen und ich wollte es gar nicht mehr aus der

Hand legen, bis ich zuende gelesen hatte. Inzwischen habe ich es schon zweimal gelesen, und ich habe auch alle anderen Bücher der Autorin gekauft und gelesen. Die Bücher sind alle eine Kaufempfehlung, und ich warte schon gespannt auf neue Werke der Autorin!

Kurzbeschreibung Psychologist Abigail Gallant fought her way back from her ex-husband's brutal attack that killed their daughter and left her blind. Now she "reads" audio books, runs with a guide at a local track, and has a thriving practice that specializes in treating the newly disabled. The last thing she needs is another man in her life. Enter Detective Luke McCallister, a cop forced into counseling a year after a gun blast during a meth lab take-down robbed him of his hearing. Luke is fighting hard to stay on the force, but computer work and fingerprint analysis are not what he has in mind. Initially reluctant to Abby's therapy, Luke's barriers tumble because Abby sees deeper into him than anyone ever cared to. Though Luke's lip reading is excellent, he refuses to "listen" to Abby's warning that his romantic overture jeopardizes her professional ethics. But when break-ins and threatening computer messages escalate into a physical attack on Abby and her guide dog, Luke walks a fine line between cop, protector, and lover. Unable to deny their physical attraction, Abby and Luke tiptoe around their personal baggage and enter into a delicate relationship. Then Abby is kidnapped. While Luke puts his life at risk to find her, Abby discovers the ghosts of her past are back to haunt her, and the man she once loved was as much of a victim as she.
