Von Cora Carmack : Inspire (The Muse Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Inspire (The Muse Book 1) (English Edition):

KurzbeschreibungKalliope lives with one purpose.To inspire.As an immortal muse, she doesnt have any other choice.

It's part of how she was made. Musicians, artists, actors—they use her to advance their art, and she uses them to survive. She moves from one artist to the next, never staying long enough to get attached. But all she wants is a different life—a normal one. She's spent thousands of years living lie after lie, and now she's ready for something real. Sweet, sexy, and steady, Wilder Bell feels more real than anything else in her long existence. And most importantly, he's not an artist. He doesn't want her for her ability. But she can't turn off the way she influences people, not even to save a man she might love. Because in small doses, she can help make something beautiful, but her ability has just as much capacity to destroy as it does to create. The longer she stays, the more obsessed Wilder will become. It's happened before, and it never turns out well for the mortal. Her presence may inspire genius. But it breeds madness, too. **INSPIRE** is the first book in The Muse series and is intended for readers 18+!

Kurzbeschreibung
Kalliope lives with one purpose. To inspire. As an immortal muse, she doesn't have any other choice. It's part of how she was made. Musicians, artists, actors—they use her to advance their art, and she uses them to survive. She moves from one artist to the next, never staying long enough to get attached. But all she wants is a different life—a normal one. She's spent thousands of years living lie after lie, and now she's ready for something real. Sweet, sexy, and steady, Wilder Bell feels more real than anything else in her long existence. And most importantly, he's not an artist. He doesn't want her for her ability. But she can't turn off the way she influences people, not even to save a man she might love. Because in small doses, she can help make something beautiful, but her ability has just as much capacity to destroy as it does to create. The longer she stays, the more obsessed Wilder will become. It's happened before, and it never turns out well for the mortal. Her presence may inspire genius. But it breeds madness, too. **INSPIRE** is the first book in The Muse series and is intended for readers 18+!

ber den Autor und weitere Mitwirkende
Cora Carmack is a twenty-something writer who likes to write about twenty-something characters. She's done a multitude of things in my life—boring jobs (like working retail), Fun jobs (like working in a theatre), stressful jobs (like teaching), and dream jobs (like writing). She enjoys placing her characters in the most awkward situations possible, and then trying to help them get a boyfriend out of it. Awkward people need love, too. She's a New York Times and USA Today bestseller... and a nerd (mostly the nerd part).
