Von Sherrilyn Kenyon : Instinct (Chronicles of Nick) before purchasing it in order to gage whether or not it would be worth my time, and all praised Instinct (Chronicles of Nick):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Tales by Sherrilyn Kenyon are filled with major awesomeness!Von Detra FitchNick Gautier deals with zombies, demons, vampires, shifters, all sorts of creatures and people every day. Many of those are his friends and allies. Thanks to

them, Nick has survived everything that has been thrown his way. Just as Nick begins to hope that his life is finally back to normal, everything goes to hell literally. Nick has accepted the demon that lives within him. Now he must learn to control it. This is not an easy task while trying to keep a low profile. The dark gods are still after Nick. Now that those dark gods know where to find Nick, they will stop at nothing to get him. **** FOUR STARS! Author Sherrilyn Kenyon's cast of characters are well developed and seem to become more real with each story. Nick's character in particular is evolving, growing, and I can see glimpses into what Nick could one day become and it is fabulous! Some secrets of the Primordial gods are revealed in this installment and readers will learn more about Kody, his mother. These characters are not the only interesting ones in the story either. (Not by a long shot.) It does not matter if you are male or female. I feel that anyone from the ages of teen to adult would love this story. Heck, they would love the entire series. There is very little language, a lot of Nick's trademark sarcasm, and an ample supply of action. The only real downside (of the entire series) is that each story seems to have cliff hanger endings. It is no wonder to me that this series (and the author's Dark-Hunter series) are soon to be major motion pictures. Tales by Sherrilyn Kenyon are major awesomeness! **** Reviewed by Detra Fitch of Huntress Reviews.

Kurzbeschreibung
Zombies, demons, vampires, shapeshifters - another day in the life of Nick Gautier - and those are just his friends. But now that he's accepted the demon that lives inside him, he must learn to control it and temper the very emotions that threaten the lives of everyone he cares for. Something that's hard to do while trying to stay off the menus of those who want his head on a platter. And no one wants him more than the dark gods who created his race. Now that they know where he is, they will stop at nothing to reclaim him. And without knowing it, Nick has just embraced the one person he should never have trusted. The one person who will hand him over to his enemies to get back the life they lost. Nick has finally accepted his fate, now he must learn to defy his destiny, and the dark, deadly forces that will stop at nothing to destroy everyone he loves so that they can again return to the world of man and own it.
