eva__I laughed out loud when reading this book. The characters are perhaps not as complex as they could be, but
relateable enough. There are some secrets and a lot of drama, but what I liked is that CK is not surrounded by evil
schemers. There is no viallain, only life presenting problems (and solutions). I recommend checking it out for some
light fun reading.0 von 0 Kunden fanden die folgende Rezension hilfreich. an enjoyable readVon AcsahThe story
becomes a little predictable but it is really enjoyable with no ridiculous twists and turns.The main characters are rather
likeable and even the additional secondary characters are well thought out and actually add to the plot and provide
some comedy too.All in all it's a nice story and a quick read.
