Von Julian May : Intervention (The Galactic Milieu series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Intervention (The Galactic Milieu series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Mystisch, historisch und spannend!Von Martin GlntherDas Buch hat mich von Anfang an fasziniert. Julian May gelingt es, die Chronik der Familie Remillard spannend zu erzhlen whrend so ganz "nebenbei" die Entwicklung der Mutanten auf der Erde fortschreitet. Aber warum? Der Leser erfhrt eine fortlaufende Spannungssteigerung die durch

die geschilderte Entwicklung auf der Erde so fesselt, da ich das Buch nicht aus der Hand gelegt habe, bevor ich nicht die letzte Seite auch noch gelesen hatte. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Eine wunderbare Utopie. Von ally. Beim zweiten Lesen nach 20 Jahren erstaunt mich ihre Weitsicht, was die weltpolitische Lage angeht. Darum geht es aber nicht; es ist die große Frage, ob Gewalt ein Mittel der Wahl ist, wenn wir bedroht sind. Und ob wir es als Menschheit schaffen können, uns zu verbinden, statt getrennt zu bleiben. I love it. Thanks, Julian May!

Kurzbeschreibung For 60,000 years, the worlds of the Galactic Milieu have observed Earth, waiting for humanity to evolve sufficiently to join them. Now, humanity is almost ready for Intervention. Across the world, children with unusual mental powers are being born, known as operants. One such is Rogi Remillard, humble book dealer. Helped by an entity he labels the family ghost, Rogi will inadvertently steer his family and so all mankind into the future. Rogi's journey starts with his nephew Denis, as he guides his strong metapsychic abilities. The young man's irresponsible father certainly isn't interested, focusing instead on his volatile son Victor. Yet Victor's own emerging powers make him increasingly dangerous. Events take a dark turn when Victor starts consorting with criminals, eventually setting his sights on undermining society itself. Only his family can bring him down, but Denis may be forced to call to the stars for help. 'Has irrevocably placed herself among the great of fantasy and science fiction' Azimov's Science Fiction, 'Excellent ... a host of interesting characters and incidents'
