Von Donna Hill : Intimate Betrayal (Mills Boon Kimani Arabesque) before purchasing it in order to gage whether or not it would be worth my time, and all praised Intimate Betrayal (Mills Boon Kimani Arabesque):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This book should come with a warning label!Von Ein KundeThis book should come with a warning label. Not one of those ratings stickers, although there are enough steamy scenes to qualify for an "R" rating. No, Donna Hill's novel,

"Intimate Betrayal," should come with a variation of the warnings displayed on the right-hand mirrors on automobiles. WARNING: THE CHARACTERS IN THIS BOOK ARE MUCH CLOSER THAN THEY SEEM. Donna Hill has woven an incredible literary tapestry. At one end, the characters' lives are tightly woven into unique and often disturbing patterns. At the other end, those lives are unraveling at dizzying speed. There are extramarital affairs, governmental affairs and foreign affairs -- just for starters. If you think you can tell the players in this book without a score card, you don't know how wrong you are. Donna Hill's "Intimate Betrayal" is a welcome departure from the "romance genre formula."

Where has this book been all my life? This is the first book that I've ever read by Ms. Hill and believe me, it will not be the last. I saw Intimate Betrayal on BET's Arabesque Nights and decided to read it. Boy, am I glad I did. The television show did not do it justice. Reese and Maxwell are people regular people, not people larger than life. There were several stories interwoven with the main story. The supporting characters enhanced the main characters by allowing us to look into the past without losing track of the present. I loved this book. It was one of the best books I've ever read. Reading it made me nervous. I just couldn't seem to read it fast enough. I plan to read every novel that I can find by Donna Hill. Thanks again, Ms. Hill for a truly wonderful book.

Von Janice Williams
This novel was an excellent combination of mystery, suspense and romance. A well tied together story of a woman, Reese, and a man, Maxwell, whose lives unfold secrets that unlocks the lost memory of Reese and unites a son with his mother. The mystery behind the death of Reese's parents is revealed, giving her her memory back and brings to justice those responsible. Max is reunited with the mother that he thought was dead and learns about an ancestry that makes his life complete. The novel kept me hanging on every word, reading at lightening speed to discover the true identity of Max and the secrets locked in the dark recesses of Reese's mind. I'd recommend this book to those who aren't true romance fans but like a romantic undertone to a suspense filled mystery.

Kurzbeschreibung
Reese Delaware is an investigative reporter with a burning desire to seek the truth. But one story eludes her own. Fifteen years before, she survived a tragic accident that robbed her of her family and left her with missing memories of her life. Now, determined to succeed despite the past, she accepts an assignment to profile Maxwell Knight, the millionaire computer wizard who is also fleeing a shadowy past of his own. The attraction between them is powerful, sparking a desire neither can deny. But it isn't until they have gone beyond professional boundaries and come closer to surrendering to a need greater than their willpower that Maxwell and Reese begin to uncover the shattering secret that links their lives.
