WONDERFULLY ABSORBING,Von Heather NegahdarThis is the third in the trilogy of The Spoils of Time and this was one of the best by one my favourite writers Penny Vincenzi.In this latest series everything is winding up as Lady Celia Lytton the family matriarch looks to settling down to a quieter life and retirement.This wonderful family drama

centres mostly on Barty Miller, adopted by Lady Celia as a girl. Barty Miller is now heading her own company in the New York and is wealthier than all the Lyttons, which must put some stress on all concerned members of that family as she is capable of calling all the shots. But will she? How will she finally treat this family that have taken her from the slums? Will she be a hard business women or will she do the right thing for Celia sake? You find out as you dig into this tale as old secrets are revealed, past secrets that will certainly affect their futures in a very serious way. Reviewed by Heather Marshall Negahdar (Sugar-Cane 13/07/07) 0 von 0 Kunden fanden die folgende Rezension hilfreich. A good read Von anne Penny Vincenzi never fails. I have read many of her novels and have enjoyed them all. This is one of a trilogy. Good value for money as there usually over 600 pages.

Kurzbeschreibung Power, politics and closely guarded secrets abound in INTO TEMPTATION, the third and final novel of Sunday Times bestselling author Penny Vincenzi's Spoils of Time trilogy. 'Like an illicit lover, I have been sloping off all week to snatch another hour's pleasure with ... Penny Vincenzi's terrific new novel' Jilly Cooper. For any reader of Elizabeth Buchan, Santa Montefiore or Harriet Evans, and for any fan of epics such as Downton Abbey. The Lytton family past is full of secrets, and only Lady Celia knows them all. There's her daughter Adele's difficult, dark past; the dreadful cruelty of a truth her son Kit had to confront; even the shadows of Celia's own life, and that of Barty Miller, the child she rescued from the slums in babyhood who now owns more than half of the Lytton publishing house. Some secrets are more dangerous than others, some shared with Celia's family, some entirely her own. And all absolutely safe in her keeping. Until something threatens to reveal them all... From Publishers Weekly The third in the Lytton family trilogy (Something Dangerous; No Angel) takes the patrician English clan and all its jockeying for power, money and approval into the second half of the 20th century. Set in London and New York, the novel opens in 1953 with the Lyttons in an uproar, as matriarch Celia drops two bombshells: she's leaving Lytton's, the family publishing house she has run for decades, and marrying sportsman Lord "Bunny" Arden. (Her husband Oliver died only a year earlier.) Baffled, her children contemplate how these changes will affect their careers and inheritances. Meanwhile, the narrative turns to Barty Miller, Celia's adopted daughter, who runs Lytton's New York and controls the majority share of the house thanks to her first husband's wealth, and Barty's headstrong daughter, Jenna. Barty also marries again, to Charlie Patterson, a smooth operator of relatively modest means who turns out not to be all that he appears to be. As this page-turner nears its conclusion, the Lytton family fortunes come under threat from the resentful Charlie. Will Barty and Jenna manage to preserve the Lytton legacy? Period color, deliciously shocking revelations and showy characterizations heighten this romance, which should be one of the summer's guilty pleasures. (Sept.) Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. From Booklist Third in a dense, all-consuming trilogy, the latest in the Lytton family saga continues the legacy of social arrogance and single-minded ambition of publishing scion Celia Lytton (No Angel, 2003). In this episode, third-generation Lyttons compete with their forebears in an effort to wrest control of both the New York and London branches of the publishing business while falling inconveniently in love and attempting to hide their own ugly schemes. This is rich people behaving badly--and Barbara Taylor Bradford fans, along with those who enjoy the bootstraps-to-riches stories of Belva Plain--will be entranced. Jump into the trilogy anywhere and be transported into a high society of bygone times, peopled with the dysfunctional, self-serving players of an addictive soap opera. Aside from the occasional moment of confusion when sorting out the bewildering transcontinental appearances of the large cast of characters, readers will find themselves unable to resist being led Into Temptation. Come September, expect to see this hefty tome wherever they go, sneaking a read and hoping they haven't seen the last of the Lyttons. Jennifer Baker Copyright American Library Association.
