Von K.F. Breene : Invasion (The Warrior Chronicles, 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Invasion (The Warrior Chronicles, 4) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Der Krieg geht weiter... Von WiccaIch möchte nicht mehr verraten, als ihr aus der Inhaltsangabe selbst schon entnehmen könnt. Es ist wieder mal klasse geschrieben, genau wie die ersten Teile und ich freue mich schon darauf, den nächsten

Teil zu lesen!Fazit: absolut lesenswert!1 von 1 Kunden fanden die folgende Rezension hilfreich. Fighting against the Hunter: this is the series best installment yet!Von MinaNote: this is book No. 4 in the Warrior Chronicles fantasy series and each book contributes to a strong overall story arc. Therefore I advise against starting here. If youre new to the series, I recommend to start with Chosen.ReviewThis is a series I liked from the start, but K.F. Breene manages to make it even better with each book. And Invasion so far crowns the Warrior Chronicles. Its a mixture of action and cunningly plotting and yet character driven in the best possible way. Plotwise, the book starts off right after the events in Shadowlands: Shanti and Cayan are the acknowledged Chosen, the Shadow Warriors have confirmed their right to lead them into the war against warlord Xandre, who tucked tail and ran, when he realized that he is outmatched in the Shadow Lands.And I have to tell you that in this book, Xandre doesnt make an appearance, but is the plotting villain in the background, up to something no one knows and leaving an overall feeling of impending doom in his wake.But we meet another villain again and he is a piece of work, oh boy! The Hunter fell from grace when Shanti freed both Rhonan and Burson from under his nose and he now has found a wonderfully evil way to combine revenge with rebound: he invades Cayans city and takes it hostage, waiting there for the Chosen couple to come back home and either capture them by surprise or blackmail them into giving themselves up. Well, I dont want to spoil anything, but lets just say that things turn out a bit differently from what the Hunter planned. And I was pleasantly surprised that this time, its not [just] our usual heroes who take up the fight, but the women of the city and that was exhilarating to read. They are made of sterner stuff than the men give them credit for and when freeing the city mostly depends on them, they just do the job, fear and all. I just love to see the future implications of the women set loose, since they arent prone to forget who did what in the battle for the city.Another feature I liked a great lot was the final convergence of the various rebel fractions: Shantis people and the Shadows meet with Cayan and Shanti and it was wonderful to finally see Shanti interact with people who know her forever and no fun like a p*****ing contest between two alpha males [youll know when you read it]. The action scenes are written excitingly again, it really is like watching a good action movie. And there is a lot of fighting! The battle for the city is bit of a rehearsal for the showdown to come and it makes me anticipate the next book big time. Oh and if youre interested in Shanti and Cayans relationship, let me tell you that they do make progress and are a great team, especially in those moments that demand a lot of them. But make no mistake, as in the previous books, this is fantasy and really more about battling the evil conqueror and the prophesies that did foretell it all, than about romance. Its there, but not the core. This book cost me last nights sleep, because I couldnt lay it down. Its well written, gripping and ends on a satisfying note. Cant wait for book five.

Kurzbeschreibung***Limited time pre-order sale!!***The Hunter wasnt trained to admit defeat. With the title of Chosen secured, Shanti and Cayan must look to the next steps in ripping back their freedom from the most deadly tyrant in the land. Unfortunately, they arent the only ones with an agenda.Without mental power to defend themselves, the Westwood Lands are trapped within their own walls. Under the threat of torture and eventual death, a new power rises. To be discovered will mean death. But doing nothing is not an option.Kurzbeschreibung***Limited time pre-order sale!!***The Hunter wasnt trained to admit defeat.
