Von Leigh Greenwood : Iris (Seven Brides Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Iris (Seven Brides Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. I thought this book was very exiting!Von Ein KundeI am currently reading this series in order. When I read "Rose" I couldn't remember reading a better story. Then I read "Fern" and liked it just as well, or maybe even a little better. I like how the author uses very good descriptions with her stories. She is very discriptive, about the moods and feelings but doesn't dwell to much on the actual, physical discriptive aspect. She lets your imagination run free without

"overwriting" a scene. I'm almost finished with this book, and can't wait to get started on the next one. Great Job Ms. Greenwood!!!!0 von 1 Kunden fanden die folgende Rezension hilfreich. My favorite of the Seven Brides series! Von Ein Kunde Iris was my favorite of the 7 brides series. I could not put this book down. I can't recall how many times I have read this book. This book is a keeper, along the all of Greenwood's books!

Kurzbeschreibung Monty Randolph plans to take a herd to Wyoming. He means to start a ranch for the family and one for himself so he can get out from under the irritating and watchful eye of his older brother, George. He's determined that nothing will stop him from succeeding, especially his neighbor, Iris Richmond, who wants him to take her herd to Wyoming along with his. The last thing he needs is a southern belle, steeped in flirting and vanity, on the filthy, exhausting trek over a thousand miles of dangerous, unsettled country. Her kind is strictly for looking at, not for buying. Neither does he need double the cows and double the responsibility. He already has three brothers along to worry about. Iris Richmond has nothing left of her father's fortune but a herd of cows. And if she doesn't get them to Wyoming, rustlers are going to take that. When Monty refuses to take her along, she puts her herd on the trail ahead of him and mixes the herds together. The continual danger of stampedes, rustlers, and Indian attacks drive the couple together, forming a relationship neither welcomes nor is able to deny. Beset by a thieving foreman and a long lost brother, Monty is the only person Iris can trust. And she means to trust him whether he likes it or not." IRIS is another utterly delightful, heartwarming romance and another special addition to readers' keeper shelves. IRIS is a dynamic combination of a wild western trail ride and a charming Americana romance. Leigh Greenwood's memorable characters work their way into your heart. I'm sure you will come to love them as much as Rose, Fern, George and the rest of the unforgettable Randolph clan. Here's to another winner!" - Romantic Times
