Von Donna Fletcher : Irish Hope (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Irish Hope (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A little let downVon Deborah MacgillivrayI had misgivings about a book in the series dealing with Ireland that had Calanais on the Isle of Lewis on the Cover - hello, that is SCOTLAND!! And that was a hint of things to come...I adored the first in the Irish Eyes series, so much so I have bought them all as they came out, and utterly adore many of them,

though there have been a couple pits in with the cherries. The book is a nice read, and had a lot of promise, but the journey grew tedious and contrived. It just really was a let down after the first one by this author. I just hope when she gets to Charity (one presumes she would follow Faith and Hope) in her own trilogy within the series, it is to the level of the original book.

Kurzbeschreibung Lady Hope is an ancestor of the high king of Ireland and has a spirited soul that is set on adventure before she must settle into an arranged marriage. Disguised as a lad and accompanied by her faithful, though cowardly dog Lady Gwyneth, Hope sets out on her journey. Only to discover that adventure can be dangerous to the heart. Colin of Shanekill can charm any woman into his bed and conquer any warrior in battle. But true love has eluded him, or has he eluded love? While on a mission for the Irish Devil to find Lady Hope a spoiled aristocrat who ran away from responsibility, he comes across a young lad, Harold, in dire need of help. He takes charge of him, seeing to his care and teaches him what it takes to become a man and what it takes to charm a woman. Once identities are discovered can the charmer tempt the impetuous Lady Hope or will she teach him to finally love?
