to read plus you'll want the series. Isaiah Avery is a wolf shifter and half owner of Avery Rock Climbing Excursions. Isaiah and Matt would set everything up, to make their trip safe and memorable. This last climb was brutal but we'll be worth it, being on the Cover of Discovery Magazine of Isaiah and Matt hanging at the top of El Capitan Cliff. Coming home was wonderful my property up the mountain was by a small town called Crimson Creek. Isaiah loved his life the more dangerous the better. Then things started happening on his home turf, why were Rogues on his property? Whose in the trench naked and bloody? Olivia Elford is a wolf shifter, a skilled hiker and outdoorswoman, her business was Hard Rock Expeditions, since moving everything to Crimson Creek for a fresh start a few months back, Olivia's business has flourished everything is perfect. Sometimes things just don't stay perfect, taking two married couples up to the top of the mountain was a nice afternoon trip. Heading back down the weather was changing fast knowing it was supposed to snow, we hurried down, then we were attacked by wolves. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung 23 year old Olivia Elford has just moved her Rock Climbing business to Crimson Creek. She has tried to put her past behind her although when she takes her group up the mountain, the unexpected happens and her world to avenge her father's killer becomes a reality once again. Isaiah Avery is not your typical wolf. He is laid back, a rich playboy and an expert at extreme sports, specifically mountain climbing. After a three month climbing excursion he comes home to savor his newest defeat but his life quickly gets turned upside by a female he finds not far from his home half dead. He is instantly drawn to this gorgeous woman and will do anything to protect her. Question is, will she let him?
