Von Orson Scott Card : The Gate Thief (Mither Mages) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gate Thief (Mither Mages):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr gutVon P. DabkowskiIt is very good book. I have read it in two days, hardly was leaving my Kindle for more than 15

minutes. It is better than *The Lost Gate* as there is no need to introduce new world and its rules as in first part of trilogy. Sometimes there are too many repetitions of some sentences as author would try to force you to think in specific way. There are also some trivial "truths" but generally very good book. I'm waiting for the next part to see how main character(s) will do as I hate the very last paragraph of this book. But thanks to it I will buy next part as soon as it will be published :) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wunderbares Buch Von RB Der zweite Band hat alles, was Geschichten dieses Genres brauchen. Spannung, exotische Welt, ein wenig Serisitt durch geschicktes Einflechten von Sagen und Religion, eine vielschichtige Handlung und Personen. Und erzhlen kann Orson Scott Card.

Kurzbeschreibung In this sequel to *The Lost Gate*, bestselling author Orson Scott Card continues his fantastic tale of the Mages of Westil who live in exile on Earth in *The Gate Thief*, a novel of the Mither Mages. Here on Earth, Danny North is still in high school, yet he holds in his heart and mind all the stolen outselves of thirteen centuries of gatemages. The Families still want to kill him if they can't control him and they can't control him. He is far too powerful. And on Westil, Wad is now nearly powerless he lost everything to Danny in their struggle. Even if he can survive the revenge of his enemies, he still must somehow make peace with the Gatemage Daniel North. For when Danny took that power from Loki, he also took the responsibility for the Great Gates. And when he comes face-to-face with the mages who call themselves Bel and Ishtoreth, he will come to understand just why Loki closed the gates all those centuries ago. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. **Pressestimmen** "Mr. Card is giving a kind of tour of fantasy possibilities while integrating them into his intricately imagined system of magic. One of the system's charms is that it explains such a lot: what ghosts are (the fading "outselves" that mages can project), what fairies are (playful creations that mages make from trash, plants and petals), and why all Indo-European gods have such strong family resemblances. The hints of real history behind the families are especially enticing: I look forward to learning more." --"The Wall Street Journal" on "The Lost Gate" "Mr. Card is giving a kind of tour of fantasy possibilities while integrating them into his intricately imagined system of magic.
