Interesting time travel romanceVon MagritteJamie Marten is a real modern girl spending her free time playing computer games. One day at work she is pulled through an antique mirror and suddenly stands in a bedroom in London in 1816, standing in front of Micah Axelby, Earl of Dunnington, a sexy as hell but very conservative man. Making him believe she comes from the future and finding her way back is not as easy as killing mobs in a computer game. If only their mutual attraction would not be a problem.The story is fun, the idea is interesting, the characters have something authentic and the part of fantasy just proves that as a writer one can make everything happen.I liked the evolution in Micah's view of the world as well as his doubts.I enjoyed how Jamie had troubles fitting in the past and the everyday life details she missed or had to adapt to. I could not really fathom how she fell in love so fast but this is not unusual in a romance so I'll simply accept it for chemistry.I don't agree that being a modern girl means having using bad language, but still the story is an easy read and I am looking forward to the next one The Geek Girl and the Scandalous Earl. The story does however have some length in it and the end went to fast and left me curious about how this would work.If you like historical romance and time travel this book is worth a read.Enjoy the read and feel free to comment MBTM.

KurzbeschreibungWhen a geeky girl hooks a haughty earl on Angry Birds, it's anything but a typical romanceAn avid gamer, Jamie Marten loves to escape into online adventure. But when she falls through an antique mirror into a lavish bedchamber-200 years in the past!-she realizes she may have escaped a little too far.Micah Axelby, Earl of Dunnington, has just kicked one mistress out of his bed and isn't looking to fill it with another-least of all this sassy, nearly naked woman who claims to be from the future. Yet something about her is undeniably enticing...Jamie and Micah are worlds apart. He's a peer of the realm. She can barely make rent. He's horse-drawn. She's Wi-Fi. But in the game of love, these two will risk everything to win.Celebrate the 80th birthday of Regency Romance with great books from Sourcebooks Casablanca!Geek Girls series: The Geek Girl and the Scandalous Earl (Book 1) Geek Girls Don't Date Dukes (Book 2) Kiss the Earl (Book 3)Praise for Gina Lamm: "Irreverent and sexy romp."-Publishers Weekly "Snappy writing and characters who share a surprising, spicy chemistry."-RT Book s "Gina Lamm writes excellent [time travel romance] with humor and great storytelling."-Books Like BreathingPressestimmen"Irreverent and sexy romp" - Publishers Weekly"Lamm's wonderfully quirky romance brings fresh humor to a familiar trope, with snappy writing and characters who share a surprising, spicy chemistry.
