Von Chuck Grossart : The Gemini Effect before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gemini Effect:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannende Geschichte.Von norbanEigentlich ein science fiction, spannend und interessant erzht. Obwohl ich einige Probleme mit der englischen Sprache habe, hat mich die Story doch gefesselt. Ganz besonders das Ende.Norban.0 von 0 Kunden fanden die folgende Rezension hilfreich. TjaVon InsideMannicht so ganz mein Fall... Muss mich Michael aus Graz anschliessen. Auch wieder spannend - aber mit einem eigenartigen Schluss Man wei auch nie so recht, woher

'die andere Seite' ihre Motivation bezieht. Vielleicht muss man Amerikaner sein, um die Russen so zu sehen
0 von 0 Kunden fanden die folgende Rezension hilfreich. Catching story Von Michael
Interesting story, always keeping up the tension, enough surprises to keep you going on.
A little bit too much military language and ..., but that I cannot write without a spoiler, so I don't.

Kurzbeschreibung
2016 Killer Nashville Silver Falchion Award Winner, Best Science Fiction Novel
2014 Breakthrough Novel Award Finalist
A single raindrop opens a Pandoras box when the spawn of perverse genetic research performed during World War II is unleashed on an unsuspecting modern world. By dawn, only a dead city remains, eerily quiet and still, except for mutant beasts that hide from the light, multiply, and await the shadows of night to continue their relentless advance.
Ordered to investigate the unfolding crisis, biowarfare specialist Carolyn Ridenour barely escapes the creatures nocturnal onslaught, saved in the nick of time by Colonel Garrett Hoffman, who lost hundreds of his troops to a swarm that neither bombs nor bullets can stop.
As Carolyn and Garrett race to stop the plague, a battered and broken government prepares to release the fury of Americas nuclear arsenal on its own soil and its own citizens.
The Gemini Effect was originally published as The Mengele Effect. This edition has been completely edited and revised, including significant plot changes.
