**Von Deborah Simmons : The Gentleman Thief (Mills Boon Historical)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gentleman Thief (Mills Boon Historical):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Another

good one for Simmons! Von Laurie Gold Because I love the writing of author Deborah Simmons so much, I've forbidden myself from reviewing her at my own site (All About Romance). But nothing can stop me here from telling you how delightful I found *The Gentleman Thief*. While this author is equally at home writing intense medievales, she sparkles like a jewel with her witty and sexy historicals set in and around the regency period. If you enjoy words so witty that even the names of characters can make you laugh, and if you enjoy delicious love scenes, please give this one a try. I believe Deborah Simmons is as good, if not better, than Amanda Quick, and if you have loved some of Quick's older regency-set historicals, trust me that you'll adore Simmons' as well. My favorites by Simmons? *The Vicar's Daughter* (A+), *The Last Rogue* (A), this one (B+), and *The Devil Earl* (also B+). Had this one not lagged ever-so-slightly at the end, it would have gotten an A from me as well. TTFN, Laurie Likes Books Publisher, All About Romance

Another Simmons winner Von Ein Kunde I stumbled upon one of Simmon's books 'The Devil Earl' on a discount rack in a used book store several weeks ago. Since then, I have been able to get ahold of several more of her books and with the exception of one that I did not like I am hooked. Simmons style of writing provides strong heroes and stronger heroines. The combination, with her style of writing, is dynamite! I just finished reading 'The Gentleman Thief' ( and with the possible exception of it not being as 'racy' as her other offerings), I was not disappointed. The book was great. Some of the scenes are so funny that I almost made myself sick laughing! The book is basically a lighthearted romp (although there are some tense moments) with two main characters who are made for each other. Simmons has a nice style of writing that will keep you reading. I'm not much of a fan of Harlequin, but Simmons is definitely worth a read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not worth reading Von tam tai I was misled by the glowing reviews into buying this book. What a mistake! We are told over and over again how clever the heroine is, but what the story shows is that she is utterly devoid of intelligence and common sense--hence the disasters she keeps on creating. The story is full of improbable scenes. I, for one, would like to know how the hero and heroine, after falling into the water in the Pump Room, manage to get home without being observed by anyone, or have their servants notice that their clothes are ruined and thus make a fuss.

Kurzbeschreibung Botheration! Why her family had elected to spend an entire season in boring Bath, Georgiana Bellewether couldnt fathom. Nothing to stimulate her inquisitive mind ever happened here until the night Lady Culpeppers emeralds were stolen! Now, if only she could keep her mind on the case and her hands off the enigmatic man in black the beguiling Lord Ashdowne! As the newly made, ever-responsible Marquis of Ashdowne, Johnathon Saxton bemoaned the lack of excitement now marking his days. But when quixotic, exotic Georgiana Bellewether literally tumbled into his arms, he knew hed caught himself an armful. The woman was a disaster in the making!
