Von Tom Barber : The Getaway (Sam Archer Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Getaway (Sam Archer Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Still solidVon Honest ReviewerTom Barber's second outing in his Sam Archer series is in some ways a slight improvement compared to the first book 'Nine Lives' but still does not convince me entirely.Putting Sam in a different location away from his colleagues in the UK wasn't a bad idea because he is now indeed the central character which he was not in

book one. This makes you root for him a bit more and he grew on me admittedly. There isn't a whole lot to criticize really. The story is ok (this still is an action novel, mind you) and is suspenseful enough to keep you interested. The big but lurking around the corner is that as the first effort the book is missing that special something which I cannot really put into words. However, I think Tom Barber is on the right track. Sam is evolving and I hope for the third book to really get me.

Kurzbeschreibung Praise for The Getaway: Dynamite characters and edge of your seat story line As with Nine Lives, this is a sensational novel Well developed characters, excellent writing and a story with more twists than a corkscrew This is the second Tom Barber novel I've read and I'm still very impressed Excellent read, non-stop action end to end, just the way a book should be The Getaway is one of the best first books that I have read in a long time. The action is non-stop, the characters are realistic and the writing is taut and descriptive. I think that this author is someone that we'll be hearing a lot more of in the future I could not put this book down. Great story, kept me interested all the way through. Believable characters and a brilliant twist at the end New York City. Summer. A series of violent and highly successful bank robberies have been carried out across the city, all by the same five-man team. Millions of dollars have been stolen. The thieves are slick, efficient, well-organised and vicious. The FBI are getting nowhere in tracking them down. With pressure from Washington mounting and the heists continuing, the Feds desperately search for any leads. They need results and they need them fast. Across the city, Sam Archer is in town for a funeral. At the service, he is approached by an old family friend who works out of the FBI's New York Office. He's leading the case against the thieves and has a proposition for Archer. He needs the English counter-terrorist cop to go undercover, and try to get inside their circle. Make contact and gain their trust. Find out the secrets of their success. Given his English accent and his cover story, it's a solid plan. They'll never connect him to the FBI. Nevertheless, Archer is ready to refuse, but his old acquaintance tells him something else, a shocking revelation that ties Archer to this case personally. It's all the convincing he needs. He agrees to the plan, and goes undercover. As he establishes contact with the crew and gets deeper and deeper, Archer learns they're planning to leave the city for good in just a matter of days, but only after performing two final spectacular heists. In a race against time Archer is forced to think on his feet or be killed as he gets caught up in the lethal crossfire between the thieves and law enforcement, none of whom know who he really is. As the clock ticks towards the thieves' departure and as the stakes get higher and higher, Archer must both find a murderer and prevent two of the biggest heists in the history of New York City. Before the thieves make their final getaway.

ber den Autor und weitere Mitwirkende Born in Sydney, Australia and raised in England and Brunei, Tom Barber has always had a passion for writing and story-telling. It took him to Nottingham University, England, where he graduated in 2009 with a 2:1 BA Hons in English Studies. Post-graduation, Tom moved to New York City and completed the 2 Year Meisner Acting training programme at The William Esper Studio, furthering his love of acting and screen-writing. Upon his return to the UK in late 2011, Tom set to work on his debut novel, Nine Lives, which has since become a five-star rated UK Kindle hit. The following books in the series, The Getaway, Blackout, Silent Night,

One Way, Return Fire, Green Light and Last Breath have been equally successful, garnering five-star reviews in the US, UK, France, Australia and Canada. The Sam Archer series has sold over 71,000 books worldwide and each title is currently being adapted into audiobook format. In his late-twenties, Tom spends most of his time back and forth between the US and the UK. He loves movies and good thrillers and hates coffee and bad weather.
